SUMMARY

The City Council is being presented for approval the final Settlement Agreement with Sound Transit as mitigation for the East Link Project. The terms of this Settlement Agreement were given tentative approval by the City Council in May 2017 and by the Sound Transit Board in June 2017. City staff was directed to work with Sound Transit staff to finalize the Settlement Agreement and exhibits thereto and return to the Council for final approval.

BACKGROUND

In June 2017, Sound Transit’s East Link Project caused the closure of the I-90 reversible Center Roadway to begin light rail construction. To replace the loss of the I-90 Center Roadway, the I-90 mainline between Mercer Island and Seattle was restriped and lanes narrowed to change the configuration from 3-lanes to 4-lanes in each direction. These new I-90 lanes are referred to as R8A lanes. The traffic analysis for the East Link Project assumed that the R8A lanes would be designated as HOV lanes and that single occupancy vehicles (SOVs) traveling to or from Mercer Island would be allowed to use these lanes.

The City, Washington State Department of Transportation (WSDOT), and Sound Transit have historic agreements dating back to 1976 regarding Mercer Island’s SOV use of HOV lanes between Mercer Island and Seattle. Additionally, the Final Environmental Impact Statement (FEIS) for the East Link Project anticipated the continued access for SOVs in the new R8A lanes. The impacts of the closure and the resulting loss of mobility were anticipated and have been the subject of mitigation negotiations with Sound Transit for over two years.
In August 2016, the Federal Highway Administration (FHWA) informed the City of Mercer Island about the restriction of Mercer Island SOVs from the I-90 R8A lanes, leading to the restriction of SOVs using the Island Crest Way on-ramp to westbound I-90, because it is proposed to connect to a HOV lane. The SOV restriction at the Island Crest Way westbound on-ramp resulted in traffic diverting to other I-90 on-ramps, specifically the West Mercer Way on-ramp. This diversion increased traffic volumes on Mercer Island local streets and impacted traffic operations and safety in and around the Town Center, through school zones and along West Mercer Way.

With mitigation negotiations underway between the City and Sound Transit, the community provided input on mitigation and priorities for the loss of mobility during the City’s Fall 2015 listening tour. The following guiding principles/goals were developed based on what the Council and staff heard from the community:

1. Secure access to new R8A lanes within the context of historic agreements.
2. Limit and mitigate traffic impacts in and around Town Center.
3. Increase commuter parking options for Mercer Island residents.
4. Improve “last mile” connections to light rail through innovative services and on-Island transit options.
5. Minimize impact of regional bus operations – no greater than current levels.
6. Require safe, convenient pedestrian and bicycle access to light rail.

To achieve the above goals, the City followed a three-pronged strategy: 1) legislative, 2) regional, and 3) legal. Throughout the entire process spanning nearly two years, the Council received mitigation recommendations from Vision Mercer Island and from over 2,600 community petitioners. Additionally, the City Manager convened a group of “advisors” who weighed in on potential mitigation, communications strategies, and negotiations with Sound Transit. This feedback, along with input from hundreds of community members during outreach events and via email, informed and guided the City’s overall three-pronged strategy.

The City worked closely with lobbyist Tony Williams of Washington 2 Advocates and the State Delegation to identify possible solutions, including funding and/or legislation. State Representative Judy Clibborn was instrumental in assisting the City with WSDOT. Likewise, Senator Lisa Wellman and Representative Tana Senn were tremendously helpful. The City and its lobbyist also worked closely with members of the federal Congressional Delegation and appreciated Congressman Adam Smith’s support and assistance throughout the negotiations and litigation.

In terms of a regional strategy, City leaders met with the leadership of other East Link Project cities, Sound Transit CEO Peter Rogoff and WSDOT Secretary of Transportation Roger Millar to collaboratively determine effective and safe mitigation strategies in the context of the Interstate 90 and Mercer Island Mobility Study (April 2017) and related findings of the City’s transportation consultants at the Transpo Group and KPG. The regional strategy resulted in a collective signed letter to the FHWA dated May 10, 2017, which supported the City’s efforts to maintain access to Island Crest Way for SOVs. Unfortunately, this access, along with continued access to the R8A lanes, were not realized. While the Council continues to consider this a priority; however, going forward, we will need to evaluate the efforts and costs involved to reverse this outcome.

Through the talent and efforts of outside counsel at the Harrigan, Leyh, Farmer & Thomsen law firm, the City’s litigation strategy included extensive motion practice in King County Superior Court, the Central Puget Sound Growth Management Hearings Board, and the Washington State Supreme Court.

**TERMS OF SETTLEMENT AGREEMENT**

Late into the evening on Wednesday, May 31, 2017, the Council voted 5-1 (1 absent) to accept a package of mitigation measures from Sound Transit, valued at just over $10 million, to offset the impacts of the East Link light rail project and partially compensate for permanent impacts to local traffic patterns, including the loss of access to westbound I-90 from the Island’s only 4-lane arterial (Island Crest Way).
Following extensive negotiations, this package provides mitigation in all the areas the community identified as its top priorities, as set forth in the Settlement Agreement between the City of Mercer Island and the Central Puget Sound Regional Transit Authority (Sound Transit) for the East Link Project (see Exhibit 1, Resolution No. 1533 and Exhibit A thereto):

- **Traffic/Safety Enhancements and Last Mile Solutions**: $5.3 million in reimbursable contributions for the actual reasonable costs to fund traffic/safety enhancements related to the effects of the I-90 Center Roadway closure and HOV-only use of the R8A HOV lanes. The traffic/safety enhancements may include temporary and permanent improvements to intersections, traffic signals, traffic signal coordination, roundabouts, new signage, new or improved crosswalks, road widening or restriping, and traffic calming measures. In addition to this traffic/safety mitigation reimbursement, Sound Transit is also obligated to fund and construct all traffic mitigation work identified during the environmental review process for Sound Transit’s East Link Project. This category of funding is also intended to improve vehicle, bicycle and pedestrian access to transit, including “last-mile solutions” that enable Islanders to access transit without driving.

- **Parking**: Commitments to provide approximately 100 additional commuter parking stalls during the East Link construction period (2017-2023) within 1/3rd mile of the North Mercer Way bus stop and $4.41 million to apply towards new, long-term commuter parking.

- **Bus-Rail Integration via Roundabout on 77th Ave SE**: No large bus facility will be built on 80th Avenue SE. Instead, all pick-up and drop-off will continue to occur on North Mercer Way, as it does today, and bus volumes will be limited to ensure no greater impact than current operations.

- **Aubrey Davis Park**: $50,000 towards the Park Master Plan preparation and implementation.

- **Emergency Training for I-90 Response**: Up to $23,100 reimbursement for City police and fire personnel training in response to an East Link safety issue.

Within the above specifically-identified categories of reimbursable expenditures, there is some flexibility to transfer remaining funds, if any, between categories. It is important to note, however, that the settlement funds cannot be used to subsidize the City’s day-to-day operating expenses or capital projects other than those expressly contemplated in the Settlement Agreement.

The agreement is not indefinite, and the entire $10,050,000.00 commitment must be allocated/expended and invoices submitted to Sound Transit by not later than December 31, 2025 to be eligible for reimbursement. Any funds not expended and submitted for reimbursement by that date will be forfeited.

The Settlement Agreement does not address access to I-90 for single occupant vehicles (SOVs) at the Island Crest Way westbound onramp, as this is a federal issue and outside of the City’s, Sound Transit’s, and WSDOT’s legal authority.

**COMMUNICATION & COMMUNITY ENGAGEMENT**

The City Council is committed to keeping the community informed and seeking input as the City implements the terms of the agreement. Staff envisions using surveys, community forums, and Telephone Town Halls to collect resident input and feedback. In addition, staff will continue to provide communication using the City’s weekly e-newsletter, MI Weekly, the City’s website and social media platforms, MI Reporter releases, videos, and direct mail (when appropriate).
**Traffic & Safety Community Input**

After the closure of the I-90 Center Roadway on June 3, the City hosted a Traffic & Safety Community Meeting on June 22 to kick-off an extensive community engagement process in preparation for a Traffic Congestion Mitigation and Safety Improvement Plan. The goals of the initial meeting were to share the most current data that Transpo Group and KPG, the City’s traffic consultants, collected before and after the closure of the I-90 Center Roadway. The City would like to again hear from residents, especially those commuting westbound in the morning, about their experiences accessing I-90 (immediately following the Center Roadway closure, the City conducted a survey of westbound commuters and received approximately 300 responses).

The goal is to work with the community to identify projects and related costs that mitigate the community’s traffic congestion and bicycle/pedestrian safety concerns, to be included in the City’s next six-year Capital Improvement Program (CIP) and Transportation Improvement Plan (TIP). The follow-up community meeting to discuss traffic/congestion hot spots and proposed solutions is tentatively set for late November or early December. This traffic planning work is targeted for completion by spring 2018.

**Access to Light Rail (First/Last Mile Solutions, Parking)**

Soon the City will be conducting an online survey to learn more about the commuting patterns of our residents. We would like to learn from our bus riders, SOV commuters, and park & ride users, etc. about their interest in various first/last mile solutions. Using this information, we will be able to design solutions that will meet our community’s greatest access need.

The City has already begun exploring first/last mile solutions with ridesharing companies Uber and Lyft. In addition, we have spoken with Chariot, owned by Ford Smart Mobility (Ford Motor Company), which provides 14 passenger Ford transit vans, or “microtransit service.” We are excited about having funding available to pilot some of these services.

Likewise, many residents have expressed their desire for increased commuter parking. The Mercer Island Park & Ride currently fills up by about 7:00 am with an estimated 50 percent coming from off island. The Sound Transit settlement provides funding that would create “resident-only” parking, and the City looks forward to working with the community to site and construct a parking facility.

Additionally, the City will work with Sound Transit and Metro on how the bus-rail integration will be designed and how it will operate, striving to minimize the impacts to nearby properties.

**Aubrey Davis Park Master Plan**

At the November 21 Study Session, staff will provide the City Council with an overview of the Aubrey Davis Park Master Plan process, which will kick-off soon. The park is beginning to show its age, and with changing recreational needs, it is time to work with the community to develop a comprehensive vision for this unique park asset.

Overall, this Settlement Agreement addresses the impacts to the I-90 Center Roadway closure and the future light rail station, meeting five of the six guiding principles/goals identified by the community.

**RECOMMENDATION**

City Manager

MOVE TO: Adopt Resolution No. 1533, authorizing the City Manager to execute the “Settlement Agreement between the City of Mercer Island and the Central Puget Sound Regional Transit Authority (Sound Transit) for the East Link Project,” in substantially the form attached as Exhibit A to Resolution No. 1533.
CITY OF MERCER ISLAND, WASHINGTON  
RESOLUTION NO. 1533  

A RESOLUTION AUTHORIZING A SETTLEMENT AGREEMENT WITH THE CENTRAL PUGET SOUND REGIONAL TRANSIT AUTHORITY (SOUND TRANSIT) FOR THE EAST LINK PROJECT

WHEREAS, the City is a non-charter optional municipal code city incorporated under the laws of the State of Washington, with authority to enact laws and enter into agreements to promote the health, safety, and welfare of its citizens and for other lawful purposes; and

WHEREAS, the City’s only means for vehicles to enter or exit is via Interstate 90 (“I-90”); and

WHEREAS, Sound Transit is a regional transit authority created pursuant to chapters 81.104 and 81.112 RCW, with all powers necessary to implement a high-capacity transit system within its boundaries in King, Pierce, and Snohomish Counties; and

WHEREAS, on November 4, 2008, Central Puget Sound area voters approved the Sound Transit 2 plan, a package of transit improvements and expansions including: increased bus service, increased commuter rail service, an expansion of link light rail, and improved access to transportation facilities; and

WHEREAS, the East Link Project (“the Project”) includes an expansion of light rail from downtown Seattle to Mercer Island, downtown Bellevue, and the Overlake Transit Center with stations serving Mercer Island, South Bellevue, downtown Bellevue, Bel-Red, and Overlake area; Sound Transit is implementing the Project pursuant to its statutory authority described above and the voter approved Sound Transit 2 plan; and

WHEREAS, segments of the Project will be constructed and operated within the City, with associated impacts and benefits for residents, businesses, and visitors to the City; and

WHEREAS, in December 1976, the City, King County, the City of Seattle, the City of Bellevue, Metro and the State Highway Commission entered into a Memorandum Agreement regarding, among other matters, the lane configuration of a reconstructed I-90 (“1976 Agreement”); and

WHEREAS, the 1976 Agreement provided for the construction of a 2-lane Center Roadway (“Center Roadway”) on I-90 for transit use, high occupancy vehicles (“HOV”), and also for traffic that had Mercer Island as its origin or destination, including single occupancy vehicles (“SOV”); and

WHEREAS, in 2004, an amendment to the 1976 Agreement was entered into with Sound Transit added as a party (the “2004 Amendment”), providing for the eventual conversion of the Center Roadway exclusively for High Capacity Transit and the construction of an additional lane in each outside roadway (“New R8A Lanes”); and

WHEREAS, in July 2011, Sound Transit, WSDOT, and the Federal Transit Administration issued the East Link Project Final Environmental Impact Statement (“2011 FEIS”), and Sound Transit and WSDOT issued Addenda to the 2011 FEIS under the State Environmental Policy Act (SEPA) in December 2016 (“2016 SEPA Addendum”) and in April 2017 (“2017 SEPA Addendum”), which included detailed analysis of potential environmental impacts and identified potential mitigation measures for the Project on Mercer Island; and

WHEREAS, Sound Transit and WSDOT closed the Center Roadway and opened two-way HOV lanes on June 3, 2017, to begin construction of the Project; and
WHEREAS, Sound Transit and the City (collectively, “the Parties”) have a joint interest in serving Mercer Island, the Eastside and the Puget Sound region with high quality, convenient public transit, and the Project is intended to provide a reliable, high frequency transportation option for Mercer Island residents and regional commuters, and to benefit the Eastside and Mercer Island residents and workers by linking to multiple destinations in the region; and

WHEREAS, the Parties have a joint interest in ensuring that the Project incorporates design and mitigation measures appropriate to its impacts and represents a high-quality investment for taxpayers, the City, and Sound Transit; and

WHEREAS, since February 2017, the Parties engaged in extensive litigation and administrative appeal proceedings against each other and following lengthy negotiations, the City Council approved an outline of settlement terms on May 31, 2017, and the Sound Transit Board authorized the Chief Executive Officer to negotiate a settlement agreement on June 22, 2017, as provided in Sound Transit Board Motion No. M2017-96; and

WHEREAS, the Settlement Agreement between the City and Sound Transit for the East Link Project, in substantially the form attached hereto as Exhibit A, is consistent with the Parties’ May 31, 2017 outline of settlement terms and Sound Transit Board Motion No. M2017-96 and effectively resolves the pending litigation and administrative appeal proceedings between the Parties;

NOW, THEREFORE, BE IT RESOLVED that the Mercer Island City Council hereby authorizes the City Manager to execute the Settlement Agreement with Sound Transit for the East Link Project in substantially the form attached hereto as Exhibit A on behalf of the City.

PASSED BY THE CITY COUNCIL OF THE CITY OF MERCER ISLAND, WASHINGTON, AT ITS REGULAR MEETING ON OCTOBER 17, 2017.

CITY OF MERCER ISLAND

Allison Spietz, City Clerk
SETTLEMENT AGREEMENT
BETWEEN THE CITY OF MERCER ISLAND AND THE
CENTRAL PUGET SOUND REGIONAL TRANSIT AUTHORITY (SOUND TRANSIT)
FOR THE EAST LINK PROJECT

This SETTLEMENT AGREEMENT (“Agreement”), is entered into between the CITY OF MERCER ISLAND, a Washington municipal corporation (“City”), and the CENTRAL PUGET SOUND REGIONAL TRANSIT AUTHORITY, a regional transit authority (“Sound Transit”), collectively the “Parties” and each a “Party.” For and in consideration of the mutual covenants contained herein, the Parties do hereby agree as follows regarding the Project, as that term is defined below.

RECITALS

WHEREAS, the City is a non-charter optional municipal code city incorporated under the laws of the State of Washington, with authority to enact laws and enter into agreements to promote the health, safety, and welfare of its citizens and for other lawful purposes;

WHEREAS, the City’s only means for vehicles to enter or exit is via Interstate 90 (“I-90”);

WHEREAS, Sound Transit is a regional transit authority created pursuant to chapters 81.104 and 81.112 RCW, with all powers necessary to implement a high-capacity transit system within its boundaries in King, Pierce, and Snohomish Counties;

WHEREAS, on November 4, 2008, Central Puget Sound area voters approved the Sound Transit 2 plan, a package of transit improvements and expansions including: increased bus service, increased commuter rail service, an expansion of link light rail, and improved access to transportation facilities;

WHEREAS, the East Link Project (“the Project”) includes an expansion of light rail from downtown Seattle to Mercer Island, downtown Bellevue, and the Overlake Transit Center with stations serving Mercer Island, South Bellevue, downtown Bellevue, Bel-Red, and Overlake area; Sound Transit is implementing the East Link Project pursuant to its statutory authority described above and the voter approved Sound Transit 2 plan;

WHEREAS, segments of the Project will be constructed and operated within the City, with associated impacts and benefits for residents, businesses, and visitors to the City;

WHEREAS, in December 1976, the City, King County, the City of Seattle, the City of Bellevue, Metro and the State Highway Commission entered into a Memorandum Agreement regarding, among other matters, the lane configuration of a reconstructed I-90 (“1976 Agreement”);

WHEREAS, the 1976 Agreement provided for the construction of a 2-lane Center Roadway (“Center Roadway”) on I-90 for transit use, high occupancy vehicles (“HOV”), and also
for traffic that had Mercer Island as its origin or destination, including single occupancy vehicles ("SOV");

WHEREAS, in 2004, an amendment to the 1976 Agreement was entered into with Sound Transit added as a party (the “2004 Amendment”), providing for the eventual conversion of the Center Roadway exclusively for High Capacity Transit and the construction of an additional lane in each outside roadway (“New R8A Lanes”);

WHEREAS, in July 2011, Sound Transit, WSDOT, and the Federal Transit Administration issued the East Link Project Final Environmental Impact Statement (“2011 FEIS”), and Sound Transit and WSDOT issued Addenda to the 2011 FEIS under the State Environmental Policy Act (SEPA) in December 2016 (“2016 SEPA Addendum”) and in April 2017 (“2017 SEPA Addendum”), which included detailed analysis of potential environmental impacts and identified potential mitigation measures for the Project on Mercer Island;

WHEREAS, Sound Transit and WSDOT closed the Center Roadway and opened two-way HOV lanes on June 3, 2017, to begin construction of that part of the Project that is within Mercer Island;

WHEREAS, the Parties have a joint interest in serving Mercer Island, the Eastside and the Puget Sound region with high quality, convenient public transit, and the Project is intended to provide a reliable, high frequency transportation option for Mercer Island residents and regional commuters, and to benefit the Eastside and Mercer Island residents and workers by linking to multiple destinations in the region;

WHEREAS, the Parties have a joint interest in ensuring that the Project incorporates design and mitigation measures appropriate to its impacts and represents a high-quality investment for taxpayers, the City, and Sound Transit; and

WHEREAS, since February 2017 the Parties engaged in extensive litigation and administrative appeal proceedings against each other and following lengthy negotiations, the City Council approved an outline of settlement terms on May 31, 2017, and the Sound Transit Board authorized the Chief Executive Officer to negotiate a settlement agreement on June 22, 2017, as provided in Motion No. M2017-96;

NOW THEREFORE, in consideration of the mutual promises and covenants contained herein, the Parties hereby agree to the following terms and conditions:

SECTION 1 DEFINITIONS

In addition to those terms defined above and elsewhere in this Agreement, the following terms shall have the meanings given herein where capitalized; words not defined herein shall have their ordinary and common meaning. When not inconsistent with the context, words used in the present tense include the future, words in the plural number include the singular number, words in the singular number include the plural number, and the use of any gender shall be applicable to all genders whenever the context requires. The words “shall” and “will” are mandatory and the word “may” is permissive. References to governmental entities (whether persons or entities) refer to those entities or their successors in authority. If specific provisions of law referred to herein are
renumbered, then the reference shall be read to refer to the renumbered provision. References to laws, ordinances, or regulations shall be interpreted broadly to cover government actions, however nominated, and include laws, ordinances, and regulations now in force or hereinafter enacted or amended.

1.1 **Aubrey Davis Park.** “Aubrey Davis Park” refers to the City park that runs along and above I-90.

1.2 **Mercer Island Station.** “Mercer Island Station” means the East Link station being built on Mercer Island as part of the Project.

1.3 **Greta Hackett Gallery.** “Greta Hackett Gallery” refers to the City’s outdoor sculpture gallery commonly known as the Greta Hackett Outdoor Sculpture Gallery located between Sunset Highway and I-90, including the northwest corner of 80th Avenue SE and SE 27th Street.

1.4 **Last Mile Solutions.** “Last Mile Solutions” refers to various measures enabling a person to travel all or part of the way between their home and the Mercer Island Station other than in their own passenger vehicle or a means to enable a passenger vehicle to utilize shared parking in a parking area or facility other than a regular park and ride lot, including, without limitation, ride sharing, carpools, van service, satellite park and ride facilities, shuttles, apps and other technology enhancements.

1.5 **Project.** “Project” means that part of the East Link work that is described in the 2011 FEIS and the 2016 and 2017 SEPA Addenda that is occurring within the boundaries of the City.

1.6 **Third Party.** “Third Party” means any person other than a Party or an employee or agent of a Party.

1.7 **Work Days.** “Work Days” means Monday through Friday, except legal holidays.

**SECTION 2 COOPERATION AND GOOD FAITH EFFORTS**

2.1 The Parties understand and agree that the process described in this Agreement depends upon timely and open communication and cooperation between the Parties. In this regard, the Parties should communicate issues, changes, or problems that arise with any aspect of the performance of terms of this Agreement as early as possible in the process, and should not wait for explicit due dates or deadlines. Each Party agrees to work cooperatively and in good faith toward resolution of any such issues in a manner that ensures adequate time for each Party to work through issues.

2.2 The Parties contemplate that additional agreements, subsequent to execution of this Agreement, may be necessary to fully implement this Agreement. The Parties agree to work cooperatively to negotiate in good faith to develop the final form and contents of such agreements as needed. In the coming years, it is likely that various challenges and opportunities will develop.

Many of those issues and opportunities have already been discussed, but more time is needed to determine how they should be resolved. Accordingly, the Parties desire to acknowledge that these events may occur and commit to address them at the time.
2.3 The Parties acknowledge that this Agreement contemplates the execution and delivery of a number of future documents, instruments and permits, the final form and contents of which are not presently determined. The Parties agree to provide the necessary resources and to work in good faith to diligently and timely develop the final form and contents of such documents, instruments and permits.

2.4 The Parties may apply for grants to supplement either Party’s funds as contemplated by this Agreement. Upon request, each Party will, as appropriate, provide letters of support for, and otherwise cooperate fully in, grant applications made by another Party.

SECTION 3 TEMPORARY CONSTRUCTION PARKING

By January 1, 2018, Sound Transit shall lease from Third Parties parking stalls for transit commuters during the construction period for the South Bellevue park-and-ride garage with a goal of securing one hundred (100) stalls which are either within 1/3rd mile of the North Mercer Way bus stop or will be served by local transit or shuttle service. The City acknowledges that Sound Transit will lease parking stalls at rates and on terms consistent with terms and conditions included in parking leases in the cities of Bellevue, Renton and Redmond. Such parking leases shall, to the extent possible, be in effect until the South Bellevue Park and Ride garage is operational. Stalls that cannot be leased for the entire construction period shall be replaced if feasible. The total amount for all expenditures shall not exceed two hundred forty thousand dollars ($240,000), including any transit/shuttle service. In the event that the total actual cost of the leases in the aggregate is less than $240,000, the difference shall be added to the Traffic Safety Enhancements Fund.

SECTION 4 BUS/RAIL INTEGRATION

4.1 The 2017 SEPA Addendum identifies two configurations for transit integration for when East Link is operational: (i) the 77th Avenue SE Configuration; and (ii) the 80th Avenue SE Configuration. Pursuant to and as modified by this Agreement, the Parties agree to implement the 77th Avenue SE Configuration. To the extent that King County Metro buses are necessary to coordinate service, the Parties agree that the 77th Avenue SE Configuration cannot be implemented without King County Metro’s agreement. The Parties will work collaboratively with King County Metro to obtain its concurrence where necessary and document such concurrence as appropriate.

4.2 The Parties have agreed on the following modifications to the 77th Avenue SE Configuration as otherwise described in the 2017 SEPA Addendum:

(a) There will be no bus drop-off/pick-up or layover area on 80th Avenue SE. Accordingly, all bus drop-off/pick-up and layover areas (other than those for local Mercer Island buses) will be located on the south side of North Mercer Way.

(b) Routing of buses will keep circulation of all but local (on-island only) buses off SE 27th Street, except in emergency or unexpected situations (e.g., to circumvent a traffic accident), consistent with the Parties’ intent to limit the routes of non-local buses to North Mercer Way and 77th Ave. SE. Prior to East Link becoming operational, Sound Transit shall complete construction of a traffic roundabout at the intersection of North Mercer Way and 77th Avenue SE, using a design
substantially similar to one of the designs depicted in the 2017 SEPA Addendum Exhibit 2-4 attached as **Exhibit A**.

(c) Buses will not be scheduled in a manner that could be expected to result in bus volumes on North Mercer Way, both during peak periods and on a daily basis, that exceed current volumes, excluding for these purposes both current and future Mercer Island-only (local) buses. The current bus volumes at the time of execution of this Agreement are as follows: AM Peak 34, PM Peak 34, and Daily 346.

4.3 The Parties have further agreed on the following additional modifications to the 77th Avenue SE Configuration: provided that, the City will not unreasonably withhold its approval to changes in one or more of the below provisions based on Metro operational concerns:

(a) In order to reduce impacts on traffic flow on North Mercer Way, all pick-up/drop-off of passengers will be on the south side of North Mercer Way.

(b) Other than in an emergency or due to equipment malfunction, bus layovers are limited to no more than fifteen (15) minutes and then only during the afternoon peak period (3:30pm – 7:00pm). Except as to buses running entirely on electrical (battery) power, there will be no idling of buses other than during actual pick-up and drop-off of passengers or while waiting in traffic.

4.4 Sound Transit is solely responsible for all costs required to implement and operate the systems and facilities required for the 77th Avenue SE Configuration as generally described in the 2017 SEPA Addendum, including, without limitation, design and engineering, permitting, property acquisition, signage, landscaping, street improvements, lighting, traffic improvements, paving, other construction costs, and any other costs incurred with respect thereto. All work will be performed in good faith, in close consultation with the City, and in a manner that reduces construction impacts on pedestrians, bicyclists and motorists, as practical.

**SECTION 5 TRAFFIC/SAFETY ENHANCEMENTS**

5.1 Sound Transit shall complete all traffic mitigation work identified in the 2011 FEIS (updated in the 2017 Addendum) and the 2017 SEPA Addendum and is solely responsible for all costs incurred to complete such work.

5.2 Upon payment of the regular permit fees imposed by the City and submittal of the normally required documentation incident to obtaining the permits, the City will expedite the issuance of all required permits to enable the work described in Section 14 (Permits) to proceed as provided in that Section. Sound Traffic agrees to expedite the work to the extent feasible if doing so would help reduce traffic congestion and/or improve bicycle circulation on Mercer Island.

5.3 In addition to the traffic mitigation work described above, Sound Transit shall provide the City with reimbursable contributions for the actual reasonable costs to fund traffic safety enhancements related to the effects of the Center Roadway closure and HOV-only use of the R-8A HOV lanes, as reasonably determined by the City, in an amount not to exceed five million one hundred thousand dollars ($5,100,000), except as this amount may be adjusted as provided in the Temporary Construction Parking and Long-Term Parking sections of this Agreement. Such
traffic/safety enhancements may include, without limitation, temporary and permanent improvements to intersections, traffic signals, traffic signal coordination, roundabouts, new signage, new or improved crosswalks, road widening or restriping, and traffic calming. If the total traffic/safety enhancements identified by the City cost less than the total contribution authorized herein, the remaining funds, if any, may be applied to Last Mile Solutions or Aubrey Davis Park improvements.

5.4 Sound Transit will assist the City-led effort to mutually study and identify traffic safety enhancements and intersection improvements, subject to the total reimbursement contribution described in this Section. The City shall be responsible for all of the requirements related to design, environmental review, permitting, construction, operation and maintenance of the any and all traffic/safety enhancements developed under this Section of the Agreement.

SECTION 6 LONG-TERM PARKING

6.1 Upon completion of the new, expanded South Bellevue Park-and-Ride, Sound Transit will terminate the short-term commuter lot leases referenced in the Temporary Construction Parking section of this Agreement.

6.2 The City will identify one or more City-led transit-oriented development projects and/or structured parking facilities for long-term regional transit commuter parking. The City or its designee shall be entirely responsible for all development and operational matters associated with such long-term regional transit commuter parking including, without limitation, environmental review, property acquisition/control, construction, design, permitting, entitlements, operation and maintenance. The City will fund at least fifty-one percent (51%) of the actual reasonable construction costs per stall, as described in Section 12, Total Authorized Expenditure. It is anticipated that the City may manage and operate these parking stalls to provide parking for local commuters during certain hours of the day.

6.3 Sound Transit shall provide reimbursable contributions to the City for development of such regional transit commuter parking stalls up to forty-nine percent (49%) of the actual reasonable construction costs per stall, as described in Section 12, Total Authorized Expenditure, for up to a maximum of two hundred (200) parking stalls.

6.4 Without regard to the actual reasonable construction cost per parking stall, if Sound Transit’s forty-nine percent (49%) maximum contribution per stall exceeds four million four hundred and ten thousand dollars ($4,410,000), the excess must be deducted from the total authorized amount allocated to fund the Traffic/Safety Enhancements related to the Center Roadway closure and R-8A HOV restriction. This means that notwithstanding the amount Sound Transit provides to fund long-term parking stalls, the maximum total funding provided for all purposes under this Agreement, including inflation, shall not exceed ten million fifty thousand dollars ($10,050,000).

6.5 At any time, the City may notify Sound Transit that it will not be seeking any further payments under this Section 6; in the event of such notice, if Sound Transit’s forty-nine percent (49%) maximum contribution per parking stall is less than four million four hundred and ten thousand dollars ($4,410,000), the remaining funds may be used to fund Traffic/Safety
Enhancements related to the effects of the Center Roadway closure and HOV-only use of the R-8A HOV lanes.

SECTION 7 AUBREY DAVIS PARK

7.1 Sound Transit shall provide a reimbursable contribution not to exceed fifty thousand dollars ($50,000) to the City, for actual reasonable costs incurred in preparing the Aubrey Davis Park Master Plan (“Park Master Plan”). To the extent that the total amount authorized herein is not expended on preparing the Park Master Plan, the remaining amounts may be provided to the City to implement elements of the Park Master Plan. In addition, Sound Transit will assign appropriate staff to assist the City in preparing the Park Master Plan.

7.2 In the proximity of 77th and 80th Avenue SE, Sound Transit will provide safe access to the Mercer Island Station, which will include the re-routing of the I-90 bicycle route in the same proximity to avoid conflicts with the Mercer Island Park-and-Ride on North Mercer Way. Sound Transit’s costs incurred pursuant to this subsection shall not count against Sound Transit’s other funding contributions described in this Agreement.

SECTION 8 LAST MILE SOLUTIONS PILOT PROJECT WITH KING COUNTY METRO

The Parties agree to work collaboratively with King County Metro to develop and launch a pilot project to improve last mile access for City residents that would potentially have regional applicability. Once the Last Mile Solutions pilot project has been designed and planned to the point where it is ready for actual implementation on a pilot basis, Sound Transit shall provide funding in an amount not to exceed two hundred twenty-six thousand nine hundred dollars ($226,900), except as this amount may be adjusted as provided in the Traffic/Safety Enhancements section of this Agreement.

SECTION 9 EMERGENCY TRAINING FOR I-90 RESPONSE

In order to enable the City to participate in discussions and planning as to East Link safety measures that may be relevant to East Link operations on Mercer Island, Sound Transit agrees to include City personnel in its existing multi-city/multi-agency Fire Life Safety Committee. In addition, Sound Transit agrees to contract with the City of Seattle to provide training for City police and fire personnel who may be needed to respond to an East Link safety issue. In addition to providing training, Sound Transit will reimburse the City a total not to exceed twenty-three thousand one-hundred dollars ($23,100) in wage costs actually incurred by the City for its personnel while attending the training.

SECTION 10 ADDITIONAL SOUND TRANSIT STAFFING THROUGH CONSTRUCTION

Until such time as the East Link Project becomes operational, Sound Transit will assign a member of its community outreach staff to spend on average at least fifteen (15) hours per week at City-provided work space to work with City staff to develop and implement community outreach and communication measures. Sound Transit staff will serve as a single point of contact for Mercer Island residents, businesses and City staff to answer questions and provide information related to
the Project. These efforts are a City-targeted subset of the larger outreach commitments identified in the 2011 FEIS, the 2016 and 2017 SEPA Addenda, the November 17, 2011 East Link Light Rail Transit Project Record of Decision issued by the FHWA, and the November 16, 2011 East Link Record of Decision issued by the Federal Transit Administration, as well as Sound Transit’s external engagement strategy, and the East Link construction outreach plan.

SECTION 11 APPLICABLE FEDERAL REQUIREMENTS

11.1 As provided in Sound Transit Board Motion No. M2017-96, Sound Transit’s financial obligations to the City pursuant to this Agreement are funded subject to a financial assistance contract between Sound Transit and the United States Department of Transportation (“USDOT”) and the Federal Transit Administration (“FTA”).

11.2 The City agrees to comply with the federal funding requirements described in the FTA’s Master Agreement and Circular C4220.1F by including the applicable requirements described in Exhibit B, incorporated by reference herein, into its contracts with third-party contractors and their subcontractors for services or work funded under the following sections of the Agreement: 5.0 Traffic/Safety Enhancements, 6.0 Long-Term Parking, and 7.0 Aubrey Davis Park.

11.3 The Parties will work cooperatively to determine which federal requirements are applicable to which contracts before the City initiates its procurement process for each contract.

11.4 In addition, both Parties recognize that the FTA may request further changes to this Agreement to comply with its funding requirements and agree to consider any such requests in good faith.

SECTION 12 TOTAL AUTHORIZED EXPENDITURE

12.1 Sound Transit’s total financial expenditures authorized pursuant to this Agreement shall not exceed ten million fifty thousand dollars ($10,050,000) and shall expire on December 31, 2025. Any invoices received by Sound Transit from the City after December 31, 2025 shall not be paid.

12.2 The City shall be responsible for ensuring that any necessary environmental review is accomplished and compliance is demonstrated before Sound Transit’s payment of any invoice for reimbursable contributions described herein becomes due.

12.3 The following types of expenditures by the City shall be eligible costs for reimbursement from Sound Transit:

(a) The direct salary rate and direct overhead including benefits of City staff calculated in the same manner that the City routinely allocates staff and other overhead costs to City capital projects.

(b) Incidental expenses needed to complete the City tasks described in this Agreement, such as, for example, supplies, meeting expenses, mileage and travel from City offices to Sound Transit meeting locations.
(c) All actual reasonable direct and indirect construction costs such as, for example, property acquisition, architects, engineers, appraisals, permitting, insurance, recording fees, financing, bonding and other construction-related costs commonly referred to as soft costs.

(d) Costs related to implement the Last Mile Solutions.

12.4 The City shall submit invoices and supporting documentation for Sound Transit's reimbursement contribution payments. The invoices must include the appropriate purchase order number, which will be provided by Sound Transit after execution of this Agreement, a cover memo as described in Exhibit C, and supporting documentation detailing the work completed and associated costs.

12.5 The City shall submit its invoices with the required documentation via email or mail to AccountsPayable@SoundTransit.org, or Sound Transit, Accounts Payable, 401 S. Jackson St., Seattle, WA 98104-2826. Invoices are payable thirty (30) days upon Sound Transit's receipt of the invoice and acceptable documentation.

12.6 If Sound Transit determines that an invoice lacks sufficient documentation to support payment, Sound Transit will notify the City of its determination and request that the City provide additional documentation. Sound Transit may withhold payment for contested portions of the invoice until supporting documentation for the contested portions are provided; however, such approval shall not be unreasonably withheld.

12.7 During the period of construction of any City-led projects contemplated in this Agreement and for which Sound Transit provides funding and for a period not less than three (3) years, or that period established by the State Archivist, from the date of final payment to the City, records and accounts pertaining to subjects of this Agreement and accounting are to be kept available for inspection and audit by representatives of Sound Transit, the State of Washington, and the federal government. Copies of the records shall be furnished to Sound Transit upon request and shall be maintained in accordance with a work order accounting procedure prescribed by the Division of Municipal Corporations of the State Auditor's Office.

SECTION 13 SEPA COMPLIANCE

13.1 Sound Transit and WSDOT are the “co-lead agencies” for purposes of the Project’s compliance with the State Environmental Policy Act, RCW Chapter 43.21C (“SEPA”) and have issued the following documents in that capacity (collectively, the “Project Environmental Documents”):

(a) East Link Project Draft Environmental Impact Statement (“DEIS”), dated December 12, 2008;

(c) East Link Project Supplemental Draft Environmental Impact Statement (“SDEIS”), dated November 12, 2010;

(d) 2011 FEIS, dated July 2011;
The City agrees that the Project has been subject to procedural and substantive SEPA compliance through issuance of the Project Environmental Documents and that no further actions are required by Sound Transit and WSDOT to satisfy their documentation requirements under SEPA. The Parties agree that pursuant to WAC 197-11-600 (adopted by reference in Mercer Island City Code (“MICC”) Section 19.07.120(D) as supplemented by MICC 19.07.120), the Project Environmental Documents will be used by the City, unchanged for its review and decisions on permit applications related to the Project, unless otherwise indicated pursuant to WAC 197-11-600(3) or MICC 19.07.120(H). The City further agrees that it will not exercise any rights it may have under SEPA to conduct its own environmental review as to the Project.

SECTION 14 PERMITS

Upon Sound Transit’s payment of all applicable fees and providing all documentation required by applicable law, the City agrees to expeditiously screen and process applications for all City permits required for the Project by Sound Transit and its contractors.

The City agrees that the Project is permitted by Title 19 of the MICC (the “City Land Use Code”) and that no additional land use permits, or other City discretionary permits of any kind, are required for the Project.

The Parties agree that this Agreement provides all reasonable and appropriate mitigation for the Project, and the City agrees that there is no basis in fact or law for the City to exercise its regulatory authority to impose additional mitigation on the Project. The City will exercise its regulatory authority only to require compliance with specific regulations that apply to the Project, e.g., the City will require that a building permit complies with the building code and that an electrical permit complies with the electrical code.

The City agrees to issue a final decision on the building permit for the Mercer Island Station no later than 5-days following satisfactory resolution of the City code review comments. As to all other City permits needed for the Project, upon receipt of any permit application, the City agrees to immediately screen and place the application at the top of the City’s review queue and to notify Sound Transit and its contractors within three business days whether an application is complete. If the City notifies Sound Transit and its contractors that an application is incomplete, the City will include with its notice an explanation of the specific additional information that is needed to make the application complete. The City will similarly respond within three business days of submittal of any requested additional information. Once an application is complete, the City will issue a decision on the permit within ten calendar days.

The City shall not take any further action to rescind, revoke, condition, amend or suspend the Shoreline Permit issued by the City for the Project. In the event that Sound Transit proposes substantive changes to the design, terms, or conditions of the Project from what is approved in the
Project’s Shoreline Permit, the City shall promptly and reasonably process an application for a permit revision in accordance with WAC 173-27-100.

14.6 The City shall not hinder Sound Transit’s attempts to secure, obtain, and maintain, at Sound Transit’s sole cost and expense, any permits, licenses, or approvals of other governmental agencies or authorities, or of any necessary Third Parties, for the use of any structures or facilities required by the Project. Nothing in this Section is intended to prevent the City’s participation in the review procedures of such other governmental agencies or authorities to the fullest extent provided by law, including commenting on impacts and mitigation.

14.7 The Parties agree that this Section 14 constitutes a reasonable and informed exercise of the City’s regulatory authority.

14.8 If the City has reason to believe that the Project is not in compliance with the terms or conditions of any issued permit, the City will provide written notice to Sound Transit of the reasons for the City’s belief, and the Parties will resolve the matter using the Dispute Resolution provisions of Section 17 instead of by means of the City’s usual code enforcement procedures, unless an unsafe condition arises during Project construction, in which case the City’s building official is authorized to take appropriate action including but not limited to issuance of a stop work order.

SECTION 15 DISPOSITION OF LITIGATION

15.1 Within thirty (30) days after execution of this Agreement or as soon thereafter as is feasible, the City and Sound Transit will take the following actions:

(a) The City will dismiss King County Superior Court Case No. 17-2-03884-9 with prejudice;

(b) The City will strike the motions for discretionary review pending before the Washington State Supreme Court that it filed in King County Superior Court Case No. 17-2-05191-8 and Case No. 17-2-05193-4;

(c) Sound Transit and the City will ask the King County Superior Court to enter agreed orders that continue in effect all orders and rulings granting preliminary injunctive relief and to stay the proceedings in Case No. 17-2-05191-8 and Case No. 17-2-05193-4 until either all required permits for the Project have been issued by the City (estimated June of 2023) or the Parties seek enforcement of the orders granting preliminary injunctions or permanent injunctive relief. The Parties will request that the Court enter a stipulated Final Judgment dismissing both cases after all required permits for the Project to be completed have been issued by the City;

(d) Sound Transit will voluntarily dismiss the Growth Board Proceedings with prejudice;

(e) The City will cancel Development Code Interpretation DCI #17-01;

(f) Sound Transit will withdraw its appeal pending before the City’s Planning Commission;
(g) The City will enact amendments to the 2017 City Ordinances to the extent necessary to make them consistent with the provisions of this Agreement; and

(h) The City will not commence any further proceedings, new litigation, or new regulatory actions impacting the Project.

15.2 Each Party shall cooperate as necessary and shall bear its own attorneys’ fees and costs to complete the actions provided for in this Section 15.

SECTION 16 ADDITIONAL COMMITMENTS

16.1 Sound Transit and the City will coordinate with King County Department of Natural Resources regarding construction work on the Project and the King County (North Mercer Way) Sewer Line Projects on North Mercer Way to minimize Work Day road closures that would cause a material and adverse impact on motorists.

16.2 If the construction of the Project requires work in or impacting any part of the Greta Hackett Outdoor Sculpture Gallery, Sound Transit shall be responsible for the proper and safe removal, storage and reinstallation of any sculptures that need to be moved and shall pay all associated costs.

SECTION 17 DISPUTE RESOLUTION

17.1 The Parties agree that no Party shall take or join any action in any judicial or administrative forum to challenge actions of the other Party associated or arising in connection with this Agreement or the Project, except as set forth in this Agreement.

17.2 Any disputes or questions of interpretation of this Agreement that may arise between the Parties shall be governed under the dispute resolution provisions in this Section. The Parties agree that cooperation and communication are essential to resolving issues efficiently. The Parties agree to exercise their best efforts to resolve any disputes that may arise through this dispute resolution process.

17.3 The Parties agree to use their best efforts to prevent and resolve potential sources of conflict at the lowest level.

17.4 The Parties agree to use their best efforts to resolve disputes arising out of or related to this Agreement using good faith negotiations by engaging in the following dispute escalation process should any such disputes arise:

(a) **Level One:** The Designated Representatives of the Parties in dispute shall meet to discuss and attempt to resolve the dispute in good faith and in a timely manner. If they cannot resolve the dispute within fourteen (14) calendar days after referral of that dispute to Level One, any Party to the dispute may refer the dispute to Level Two.

(b) **Level Two:** Sound Transit’s Executive Director of Design, Engineering and Construction Management or Designee, the City’s Development Services Director or Designee, as applicable, shall meet to discuss and attempt to resolve the dispute,
in good faith and in a timely manner. If they cannot resolve the dispute within fourteen (14) business days after referral of that dispute to Level Two, any Party to the dispute may refer the dispute to Level Three.

(c) **Level Three:** Sound Transit’s Chief Executive Officer or Designee, the City Manager or Designee, as applicable, shall meet to discuss and attempt to resolve the dispute in good faith and in a timely manner.

17.5 Except as otherwise specified in this Agreement, in the event the dispute is not resolved at Level Three within fourteen (14) calendar days after referral of that dispute to Level Three, the Parties to the dispute are free to file suit, seek any available legal remedy, or agree to alternative dispute resolution methods such as mediation, subject to the governing law, venue, and default Sections of this Agreement. At all times prior to resolution of the dispute, the Parties shall continue to perform any undisputed obligations and make any undisputed required payments under this Agreement in the same manner and under the same terms as existed prior to the dispute. Notwithstanding anything in this Agreement to the contrary, no Party has an obligation to agree to refer the dispute to mediation or other form of dispute resolution following completion of Level Three of the process described herein. Such agreement may be withheld for any or no reason.

**SECTION 18 INSURANCE**

18.1 The City is part of an insurance pool, the Washington Cities Insurance Authority (“WCIA”), and shall maintain, throughout the term of this Agreement and for six (6) years after its termination, appropriate coverage in amounts and types sufficient to satisfy its liabilities. When commercial insurance is utilized, the City shall secure and maintain in effect insurance adequate to protect Sound Transit against claims or lawsuits that may arise as a result of the design, construction, operation, maintenance, repair, removal, occupancy, or use of the facilities to be designed and constructed by the City pursuant to this Agreement, including, without limitation: (i) commercial general liability insurance; (ii) workers’ compensation insurance (to the extent required by law); (iii) employer’s liability insurance; (iv) auto liability coverage for any auto; (v) environmental liability insurance; and, (vii) during construction, builder’s risk.

18.2 The City shall file with Sound Transit’s Risk Manager on an annual basis a letter evidencing its WCIA member status, which shall be deemed sufficient coverage by Sound Transit. When commercial insurance is utilized, the City shall provide Sound Transit’s Risk Manager with Certificates of Insurance reflecting evidence of the required insurance, naming Sound Transit as an additional insured where appropriate, to evidence continued coverage during the term of this Agreement and for six years after its termination.

18.3 If the City fails to maintain the required insurance, Sound Transit may withhold from the City any payments that may become due hereunder until such time as the required insurance is obtained.

18.4 On City projects impacting the Project, the City shall require any contractors or subcontractors to maintain insurance as required by the City in its standard contracts, and to name Sound Transit as an additional insured on their required insurance. The City shall also either require any professional services consultants, subconsultants, contractors or subcontractors
working on City projects impacting the Project to carry appropriate levels of Professional Liability insurance coverage during the course of design, engineering, and construction or the City may itself acquire such insurance or self-insure the work.

18.5 With respect to any liability imposed against the City arising out of the Emergency Training for I-90 Response as provided for in Section 9 of this Agreement, Sound Transit shall indemnify and hold harmless the City against claims for negligent training and/or injuries to persons, including death, or damage to property which may arise from or in connection with such training for the duration of this Agreement and for six (6) years after its termination.

SECTION 19 INDEMNIFICATION

19.1 To the greatest extent allowed by law, the City agrees to defend, release, indemnify and hold harmless Sound Transit its successors and assigns, and its officers, officials, directors, contractors, and employees from and against any and all claims, suits, actions, causes of actions, losses, costs, penalties, response costs, and damages of whatsoever kind or nature arising out of, in connection with, or incident to the acts, actions or omissions of the City, its employees, consultants, designers contractors or construction managers or agents in any way connected or related to the City’s performance or failure to perform the work required or allowed to be performed by the City under this Agreement; provided, however, the City’s indemnification in this Section expressly excludes the Bus/Rail Integration work (Section 4) and all SEPA-mandated traffic mitigation work (Section 5.1) that Sound Transit is solely required to perform; provided further, however, that should a court of competent jurisdiction determine that this Agreement is subject to RCW 4.24.115, then, in the event of liability for damages arising out of bodily injury to persons or damages to property caused by or resulting from the concurrent negligence of the City, its employees, consultants, designers, contractors, construction managers or agents and Sound Transit, the indemnification applies only to the extent of the negligence of the City, its employees, consultants, designers, contractors, construction managers or agents.

THE CITY SPECIFICALLY ASSUMES POTENTIAL LIABILITY FOR ACTIONS BROUGHT BY THE CITY'S OWN EMPLOYEES OR FORMER EMPLOYEES AGAINST SOUND TRANSIT, AND FOR THAT PURPOSE THE CITY SPECIFICALLY WAIVES ALL IMMUNITY AND LIMITATIONS ON LIABILITY UNDER THE WORKERS COMPENSATION ACT, RCW TITLE 51, OR ANY INDUSTRIAL INSURANCE ACT, DISABILITY BENEFIT ACT OR OTHER EMPLOYEE BENEFIT ACT OF ANY JURISDICTION THAT WOULD OTHERWISE BE APPLICABLE IN THE CASE OF SUCH CLAIM. THIS INDEMNITY OBLIGATION SHALL NOT BE LIMITED BY ANY LIMITATION ON THE AMOUNT OR TYPE OF DAMAGES, COMPENSATION OR BENEFITS PAYABLE BY OR FOR CONTRACTOR OR A SUBCONTRACTOR UNDER WORKERS' COMPENSATION, DISABILITY BENEFIT OR OTHER EMPLOYEE BENEFITS LAWS. THE CITY RECOGNIZES THAT THIS WAIVER WAS SPECIFICALLY ENTERED INTO AND WAS THE SUBJECT OF MUTUAL NEGOTIATION. PROVIDED, HOWEVER, THE CITY'S WAIVER OF IMMUNITY UNDER THE PROVISIONS OF THIS PARAGRAPH EXTENDS ONLY TO CLAIMS AGAINST SOUND TRANSIT, AND DOES NOT INCLUDE, OR EXTEND TO, ANY CLAIMS BY THE CITY'S EMPLOYEE DIRECTLY AGAINST THE CITY.
19.2 The City further agrees to assume the defense of Sound Transit with legal counsel acceptable to Sound Transit, whose acceptance shall not be unreasonably withheld, in all legal or claim proceedings arising out of, in connection with, or incidental to the performance of this Agreement or the work by or for the City and expressly excluding the work identified in Section 19.1 that Sound Transit is solely required to perform. The City shall pay all defense expenses, including attorneys' fees, expert fees, and costs (collectively "defense costs") incurred directly or indirectly on account of such litigation or claims, and the City shall satisfy any judgment rendered in connection therewith. In the event that any lien is placed upon any of Sound Transit’s property as a result of such suits or legal proceedings, the City agrees to immediately cause the same to be dissolved and discharged by giving bond or otherwise. The City may settle any suit, claim, action, loss, cost, penalty, or damages, subject to Sound Transit’s approval, which approval shall not be unreasonably withheld, if such settlement completely and forever extinguishes any and all liability of Sound Transit. In the event of litigation between the Parties to enforce the rights under this Section, reasonable attorney fees shall be allowed to the prevailing party.

19.3 The City further agrees that any review, approval or acceptance by Sound Transit and/or others hereunder shall not relieve the City of any of its obligations to defend, indemnify and hold harmless Sound Transit as required in this Section, nor shall such review, approval or acceptance relieve the City of the obligation to ensure the work by the City under this Agreement be performed in accordance with all governing statutes, regulations and codes and to generally accepted professional standards applicable to the types of services and work performed by the City and/or its contractors, agents, etc. or in any way diminish its liability for the performance of such obligations or its obligations to provide the indemnities hereunder.

19.4 The foregoing indemnities and duties to defend shall survive the termination of this Agreement and final payment hereunder, and are in addition to any other rights or remedies that Sound Transit may have by law or under this Agreement. In the event of any claim or demand made Sound Transit, Sound Transit may, in its sole discretion, reserve, retain or apply any monies due to the City under this Agreement for the purpose of resolving such claims; provided, however, that Sound Transit may release such funds if the City provides Sound Transit with adequate assurance of the protection of Sound Transit's interests.

19.5 The City shall comply, and require its contractors, agents, etc. to comply, with all Sound Transit resolutions, motions and federal, state, and local laws, regulations, and ordinances applicable to the work and services to be performed by the City under this Agreement.

19.6 Insurance Coverage, or the lack of same, shall not relieve the City of its responsibility for liability or damages to Sound Transit under this Agreement.

SECTION 20 DEFAULT

20.1 No Party shall be in default under this Agreement unless it has failed to perform under this Agreement for a period of thirty (30) calendar days after written notice of default from another Party. Each notice of default shall specify the nature of the alleged default and the manner in which the default may be cured satisfactorily. If the nature of the alleged default is such that it cannot be reasonably cured within the 30-day period, then commencement of the cure within such
time period and the diligent prosecution to completion of the cure shall be deemed a cure; provided, however, that in no event shall a cure take longer than ninety (90) days to complete without mutual written consent to an extension for a definite period. Any dispute regarding the existence of a default or appropriate cure shall be handled through dispute resolution consistent with Section 17.

20.2 The Parties shall not be liable or deemed in breach or default of this Agreement if and to the extent its performance under the Agreement is prevented by reason of force majeure. The term “force majeure” means an occurrence that is beyond the control of the Parties and could not have been avoided by exercising due care. Force majeure shall include but not be limited to acts of God, terrorism, war, riots, strikes, fire, floods, earthquakes, or other similar occurrences.

SECTION 21 REMEDIES; ENFORCEMENT

21.1 The Parties reserve the right to exercise any and all of the following remedies, singly or in combination, and consistent with the dispute resolution, governing law, venue, and default Sections of this Agreement, in the event another Party violates any provision of this Agreement:

(a) Commencing an action at law for monetary damages;
(b) Commencing an action for equitable or other relief;
(c) Seeking specific performance of any provision that reasonably lends itself to such remedy; and
(d) The prevailing Party (or substantially prevailing Party if no one Party prevails entirely) shall be entitled to reasonable attorney fees and costs.

21.2 Remedies are cumulative; the exercise of one shall not foreclose the exercise of others.

21.3 A Party shall not be relieved of any of its obligations to comply promptly with any provision of this Agreement by reason of any failure by another Party to enforce prompt compliance, and such failure to enforce shall not constitute a waiver of rights or acquiescence in the other Party’s conduct.

SECTION 22 TERM; TERMINATION

This Agreement shall be effective as of the date the last Party signs and shall remain in effect until terminated by mutual written agreement of the Parties.

SECTION 23 COVENANTS AND WARRANTIES

By execution of this Agreement, each Party covenants and warrants as follows:

(a) That it has the full right and authority to enter into and perform this Agreement, and that by entering into and performing this Agreement, it is not knowingly in violation of any law, regulation or agreement by which it is bound or to which it is subject; and
(b) That its execution, delivery, and performance of this Agreement has been duly authorized by all requisite corporate action, that the signatories for it are authorized to sign this Agreement, and that, upon approval by it, the joinder or consent of any other Party, including a court or trustee or referee, is not necessary to make valid and effective the execution, delivery and performance of this Agreement.

SECTION 24 ASSIGNMENT

24.1 This Agreement shall be binding upon and inure solely to the benefit of the Parties hereto and their respective successors or assignees. No assignment hereof or sublease shall be valid for any purpose without the prior written consent of every other Party. The above requirement for consent shall not apply to (i) any disposition of all or substantially all of the assets of a Party, (ii) any governmental entity merger, consolidation, or reorganization, whether voluntary or involuntary, or (iii) a sublease or assignment of this Agreement (in whole or in part) to a governmental entity; provided, however, that no unconsented assignment shall relieve a Party of its obligations and liabilities under this Agreement.

24.2 Any Party hereto may assign any monetary receivables due them under this Agreement; provided, however, such assignment shall not relieve the assignor of any of its rights or obligations under this Agreement.

24.3 Neither this Agreement nor any term or provision hereof, or any inclusion by reference, shall be construed as being for the benefit of any Third Party not a signatory hereto.

SECTION 25 DESIGNATED REPRESENTATIVES

25.1 To promote effective intergovernmental cooperation and efficiencies, each Party shall designate a representative (“Designated Representative”) who shall be responsible for coordinating communications between the Parties and shall act as the point of contact for each Party. The Designated Representatives shall communicate regularly to discuss the status of the tasks to be performed, identify upcoming Project decisions and any information or input necessary to inform those decisions, and to resolve any issues or disputes related to the Project, consistent with Section 17.

25.2 Communication of issues, changes, or problems that may arise with any aspect of the Project should occur in good faith and as early as possible in the process, and not wait for specific due dates or deadlines. The Designated Representatives shall use reasonable best efforts to provide up-to-date and best available information to the other Party promptly after such information is obtained or developed.

25.3 Each Designated Representative is also responsible for coordinating the input and work of its agency, consultants, and staff as it relates to the objectives of this Agreement. The Parties reserve the right to change Designated Representatives, by written notice to the other Parties during the term of this Agreement. Each Party’s initial Designated Representative is identified in the attached Exhibit D.
SECTION 26   NOTICE

26.1 Unless otherwise provided herein, all notices and communications concerning this Agreement shall be in writing and addressed to the applicable Designated Representative(s).

26.2 Unless otherwise provided herein, all notices shall be either: (i) delivered in person, (ii) deposited postage prepaid in the certified mails of the United States, return receipt requested, (iii) delivered by a nationally recognized overnight or same-day courier service that obtains receipts, or (iv) delivered electronically to the other Party’s Designated Representative as listed in the attached Exhibit D.

SECTION 27   GENERAL PROVISIONS

27.1 The Parties shall not unreasonably withhold or delay requests for information, approvals or consents provided for in this Agreement; provided, however, that approvals or consents required to be given by vote of the Sound Transit Board or the Mercer Island City Council are recognized to be legislative actions. The Parties agree to take further actions and execute further documents, either jointly or within their respective powers and authority, to implement the intent of this Agreement; provided, however, that where such actions or documents required must be first approved by vote of the Sound Transit Board or the Mercer Island City Council, such actions are recognized to be legislative actions. The Parties agree to work cooperatively with each other to achieve the mutually agreeable goals as set forth in this Agreement.

27.2 This Agreement shall be interpreted, construed and enforced in accordance with the laws of the State of Washington. Venue for any action under this Agreement shall be King County, Washington.

27.3 If any term of this Agreement is to any extent invalid, illegal, or incapable of being enforced, such term shall be excluded to the extent of such invalidity, illegality, or unenforceability; all other terms hereof shall remain in full force and effect.

27.4 Time is of the essence in every provision of this Agreement. Unless otherwise set forth in this Agreement, the reference to “days” shall mean calendar days. If any time for action occurs on a weekend or legal holiday, then the time period shall be extended automatically to the next business day.

27.5 This Agreement is made and entered into for the sole protection and benefit of the Parties hereto and their successors and assigns. No other person shall have any right of action based upon any provision of this Agreement.

27.6 No joint venture or partnership is formed as a result of this Agreement. No employees, agents or subcontractors of one Party shall be deemed, or represent themselves to be, employees of any other Party.

27.7 This Agreement has been reviewed and revised by legal counsel for all Parties and no presumption or rule that ambiguity shall be construed against the Party drafting the document shall apply to the interpretation or enforcement of this Agreement. The Parties intend this Agreement to be interpreted to the full extent authorized by applicable law.
27.8 Each Party shall be responsible for its own costs, including legal fees, incurred in negotiating or finalizing this Agreement, unless otherwise agreed in writing by the Parties.

27.9 This Agreement, including its exhibits, may be amended only by a written instrument executed by all of the Parties hereto.

27.10 This Agreement constitutes the entire agreement of the Parties with respect to the subject matters of this Agreement, and supersedes any and all prior negotiations (oral and written), understandings and agreements with respect hereto.

27.11 Section headings are intended as information only, and shall not be construed with the substance of the section they caption.

27.12 This Agreement may be executed in several counterparts, each of which shall be deemed an original, and all counterparts together shall constitute but one and the same instrument.

**IN WITNESS WHEREOF**, each of the Parties has executed this Agreement by having its authorized representative affix his/her name in the appropriate space below:

21. Safe Operation of Motor Vehicles
22. Bonding Requirements

**Applicability to Contracts**
The Fly America requirements apply to the transportation of persons or property, by air, between a place in the U.S. and a place outside the U.S., or between places outside the U.S., when the Federal Trade Administration (“FTA”) will participate in the costs of such air transportation. Transportation on a foreign air carrier is permissible when provided by a foreign air carrier under a code share agreement when the ticket identifies the U.S. air carrier’s designator code and flight number. Transportation by a foreign air carrier is also permissible if there is a bilateral or multilateral air transportation agreement to which the U.S. Government and a foreign government are parties and which the Federal Department of Transportation (“FDOT”) has determined meets the requirements of the Fly America Act.

**Flow Down Requirements**
The Fly America requirements flow down from FTA recipients and subrecipients to first-tier contractors, who are responsible for ensuring that lower-tier contractors and subcontractors are in compliance.

**Model Clause/Language**
The relevant statutes and regulations do not mandate any specified clause or language. FTA proposes the following language.

**Fly America Requirements**
The Contractor agrees to comply with 49 U.S.C. 40118 (the “Fly America” Act) in accordance with the General Services Administration’s regulations at 41 CFR Part 301-10, which provide that recipients and subrecipients of Federal funds and their contractors are required to use U.S. Flag air carriers for U.S Government-financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act. The Contractor shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. The Contractor agrees to include the requirements of this section in all subcontracts that may involve international air transportation.

**Applicability to Contracts**
The Buy America requirements apply to the following types of contracts: Construction Contracts and Acquisition of Goods or Rolling Stock valued at more than one hundred thousand dollars ($100,000).
Flow Down
The Buy America requirements flow down from FTA recipients and subrecipients to first-tier contractors, who are responsible for ensuring that lower-tier contractors and subcontractors are in compliance. The one hundred thousand dollars ($100,000) threshold applies only to the grantee contract, subcontracts under that amount are subject to Buy America.

Mandatory Clause/Language
The Buy America regulation, at 49 CFR 661.13, requires notification of the Buy America requirements in FTA-funded contracts, but does not specify the language to be used. The following language has been developed by FTA.

Buy America - The contractor agrees to comply with 49 U.S.C. 5323(j) and 49 C.F.R. Part 661, which provide that Federal funds may not be obligated unless steel, iron, and manufactured products used in FTA-funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 C.F.R. 661.7, and include final assembly in the United States for fifteen (15) passenger vans and fifteen (15) passenger wagons produced by Chrysler Corporation, and microcomputer equipment and software. Separate requirements for rolling stock are set out at 49 U.S.C. 5323(j)(2)(C) and 49 C.F.R. 661.11. Rolling stock must be assembled in the United States and have a sixty percent (60%) percent domestic content.

A bidder or offeror must submit to the FTA recipient the appropriate Buy America certification (below) with all bids or offers on FTA-funded contracts, except those subject to a general waiver. Bids or offers that are not accompanied by a completed Buy America certification must be rejected as nonresponsive. This requirement does not apply to lower tier subcontractors.

Certification requirement for procurement of steel, iron, or manufactured products.

Certificate of Compliance with 49 U.S.C. 5323(j)(1)

The bidder or offeror hereby certifies that it will meet the requirements of 49 U.S.C. 5323(j)(1) and the applicable regulations in 49 C.F.R. Part 661.5.

Date _________________________________________________________________________
Signature ______________________________________________________________________

Title ___________________________________________________________

**Applicability to Contracts**  
The Cargo Preference requirements apply to all contracts involving equipment, materials, or commodities which may be transported by ocean vessels.

**Flow Down**  
The Cargo Preference requirements apply to all subcontracts when the subcontract may be involved with the transport of equipment, material, or commodities by ocean vessel.

**Model Clause/Language**  
The MARAD regulations at 46 CFR 381.7 contain suggested contract clauses. The following language is proffered by FTA.

**Cargo Preference - Use of United States-Flag Vessels** - The contractor agrees: 

a) to use privately owned United States-Flag commercial vessels to ship at least fifty percent (50%) of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels; b) to furnish within twenty (20) working days following the date of loading for shipments originating within the United States or within thirty (30) working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590 and to the FTA recipient (through the contractor in the case of a subcontractor's bill-of-lading.), and c) to include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

**4. ENERGY CONSERVATION REQUIREMENTS [42 U.S.C. 6321 et seq., 49 CFR Part 18]**

**Applicability to Contracts**  
The Energy Conservation requirements are applicable to all contracts.

**Flow Down**  
The Energy Conservation requirements extend to all third-party contractors and their contracts at every tier and subrecipients and their subagreements at every tier.

**Model Clause/Language**  
No specific clause is recommended in the regulations because the Energy Conservation requirements are so dependent on the state energy conservation plan. The following language has been developed by FTA:

**Energy Conservation** - The contractor agrees to comply with mandatory standards and policies
relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.

5. **CLEAN WATER REQUIREMENTS [33 U.S.C. 1251]**

**Applicability to Contracts**
The Clean Water requirements apply to each contract and subcontract which exceeds one hundred thousand dollars ($100,000).

**Flow Down**
The Clean Water requirements flow down to FTA recipients and subrecipients at every tier.

**Model Clause/Language**
While no mandatory clause is contained in the Federal Water Pollution Control Act, as amended, the following language developed by FTA contains all the mandatory requirements:

**Clean Water** - (1) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq. The Contractor agrees to report each violation to the Purchaser and understands and agrees that the Purchaser will, in turn, report each violation as required to assure notification to FTA and the appropriate EPA Regional Office.

(2) The Contractor also agrees to include these requirements in each subcontract exceeding one hundred thousand dollars ($100,000) financed in whole or in part with Federal assistance provided by FTA.

**Applicability to Contracts**
These requirements apply only to the acquisition of Rolling Stock/Turnkey.

**Flow Down**
These requirements should not flow down, except to the Turnkey contractor as stated in Master Agreement.

**Model Clause/Language**
Clause and language therein are merely suggested. 49 C.F.R. Part 663 does not contain specific language to be included in third-party contracts but does contain requirements applicable to subrecipients and third-party contractors.

- Buy America certification is mandated under FTA regulation, "Pre-Award and Post-Delivery Audits of Rolling Stock Purchases," 49 C.F.R. 663.13.
Specific language for the Buy America certification is mandated by FTA regulation,

"Buy America Requirements--Surface Transportation Assistance Act of 1982, as amended,"

49 C.F.R. 661.12, but has been modified to include FTA's Buy America requirements codified at
49 U.S.C. A 5323(j).

**Pre-Award and Post-Delivery Audit Requirements** - The Contractor agrees to comply with 49
U.S.C. § 5323(l) and FTA's implementing regulation at 49 C.F.R. Part 663 and to submit the
following certifications:

1. **Buy America Requirements**: The Contractor shall complete and submit a declaration
certifying either compliance or noncompliance with Buy America. If the Bidder/Offeror certifies
compliance with Buy America, it shall submit documentation which lists a) component and
subcomponent parts of the rolling stock to be purchased identified by manufacturer of the parts,
their country of origin and costs; and b) the location of the final assembly point for the rolling
stock, including a description of the activities that will take place at the final assembly point and
the cost of final assembly.

2. **Solicitation Specification Requirements**: The Contractor shall submit evidence that it will be
capable of meeting the bid specifications.

3. **Federal Motor Vehicle Safety Standards (FMVSS)**: The Contractor shall submit 1)
manufacturer's FMVSS self-certification sticker information that the vehicle complies with
relevant FMVSS, or 2) manufacturer's certified statement that the contracted buses will not be
subject to FMVSS regulations.

**BUY AMERICA CERTIFICATE OF COMPLIANCE WITH FTA REQUIREMENTS
FOR BUSES, OTHER ROLLING STOCK, OR ASSOCIATED EQUIPMENT**

*(To be submitted with a bid or offer exceeding the small purchase threshold for Federal
assistance programs, currently set at $100,000.)*

**Certificate of Compliance**

The bidder hereby certifies that it will comply with the requirements of 49 U.S.C. Section
5323(j)(2)(C), Section 165(b)(3) of the Surface Transportation Assistance Act of 1982, as
amended, and the regulations of 49 C.F.R. 661.11:

Applicability to Contracts
The Lobbying requirements apply to Construction/Architectural and Engineering/Acquisition of Rolling Stock/Professional Service Contract/Operational Service Contract/Turnkey contracts.

Flow Down
The Lobbying requirements mandate the maximum flow down, pursuant to Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352(b)(5) and 49 C.F.R. Part 19, Appendix A, Section 7.

Mandatory Clause/Language
Clause and specific language therein are mandated by 49 CFR Part 19, Appendix A.

Modifications have been made to the Clause pursuant to Section 10 of the Lobbying Disclosure Act of 1995, P.L. 104-65 [to be codified at 2 U.S.C. § 1601, et seq.]:

- Language in Lobbying Certification is mandated by 49 CFR Part 19, Appendix A, Section 7, which provides that contractors file the certification required by 49 CFR Part 20, Appendix A.

Modifications have been made to the Lobbying Certification pursuant to Section 10 of the Lobbying Disclosure Act of 1995:

APPENDIX A, 49 CFR PART 20--CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

(To be submitted with each bid or offer exceeding one hundred thousand dollars ($100,000).)

The undersigned [Contractor] certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for making lobbying contacts to an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form--LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions [as amended by "Government wide Guidance for New Restrictions on Lobbying," 61 Fed. Reg. 1413 (1/19/96). Note: Language in paragraph (2) herein has been modified in accordance with Section 10 of the Lobbying Disclosure Act of 1995 (P.L. 104-65, to be codified at 2 U.S.C. 1601, et seq.)]

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.
This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

[Note: Pursuant to 31 U.S.C. § 1352(c)(1)-(2)(A), any person who makes a prohibited expenditure or fails to file or amend a required certification or disclosure form shall be subject to a civil penalty of not less than ten thousand dollars ($10,000) and not more than one hundred thousand dollars ($100,000) for each such expenditure or failure.]

The Contractor, ___________________, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. A 3801, et seq., apply to this certification and disclosure, if any.

Applicability to Contracts
Reference Chart "Requirements for Access to Records and Reports by Type of Contracts"

Flow Down
FTA does not require the inclusion of these requirements in subcontracts.

Model Clause/Language
The specified language is not mandated by the statutes or regulations referenced, but the language provided paraphrases the statutory or regulatory language.

Access to Records - The following access to records requirements apply to this Contract:

1. Where the Purchaser is not a State but a local government and is the FTA Recipient or a subgrantee of the FTA Recipient in accordance with 49 C.F.R. 18.36(i), the Contractor agrees to provide the Purchaser, the FTA Administrator, the Comptroller General of the United States or any of their authorized representatives access to any books, documents, papers and records of the Contractor which are directly pertinent to this contract for the purposes of making audits,
examinations, excerpts and transcriptions. Contractor also agrees, pursuant to 49 C.F.R. 633.17
to provide the FTA Administrator or his authorized representatives including any PMO
Contractor access to Contractor's records and construction sites pertaining to a major capital
project, defined at 49 U.S.C. 5302(a)1, which is receiving federal financial assistance through the
programs described at 49 U.S.C. 5307, 5309 or 5311.

2. Where the Purchaser is a State and is the FTA Recipient or a subgrantee of the FTA Recipient
in accordance with 49 C.F.R. 633.17, Contractor agrees to provide the Purchaser, the FTA
Administrator or his authorized representatives, including any PMO Contractor, access to the
Contractor's records and construction sites pertaining to a major capital project, defined at 49
U.S.C. 5302(a)1, which is receiving federal financial assistance through the programs described
at 49 U.S.C. 5307, 5309 or 5311. By definition, a major capital project excludes contracts of less
than the simplified acquisition threshold currently set at one hundred thousand dollars
($100,000).

3. Where the Purchaser enters into a negotiated contract for other than a small purchase or under
the simplified acquisition threshold and is an institution of higher education, a hospital or other
non-profit organization and is the FTA Recipient or a subgrantee of the FTA Recipient in
accordance with 49 C.F.R. 19.48, Contractor agrees to provide the Purchaser, FTA
Administrator, the Comptroller General of the United States or any of their duly authorized
representatives with access to any books, documents, papers and record of the Contractor which
are directly pertinent to this contract for the purposes of making audits, examinations, excerpts
and transcriptions.

4. Where any Purchaser which is the FTA Recipient or a subgrantee of the FTA Recipient in
accordance with 49 U.S.C. 5325(a) enters into a contract for a capital project or improvement
(defined at 49 U.S.C. 5302(a)1) through other than competitive bidding, the Contractor shall
make available records related to the contract to the Purchaser, the Secretary of Transportation
and the Comptroller General or any authorized officer or employee of any of them for the
purposes of conducting an audit and inspection.

5. The Contractor agrees to permit any of the foregoing parties to reproduce by any means
whatsoever or to copy excerpts and transcriptions as reasonably needed.

6. The Contractor agrees to maintain all books, records, accounts and reports required under this
contract for a period of not less than three (3) years after the date of termination or expiration of
this contract, except in the event of litigation or settlement of claims arising from the
performance of this contract, in which case Contractor agrees to maintain same until the
Purchaser, the FTA Administrator, the Comptroller General, or any of their duly authorized
representatives, have disposed of all such litigation, appeals, claims or exceptions related thereto.

7. FTA does not require the inclusion of these requirements in subcontracts.

9. FEDERAL CHANGES [49 CFR Part 18]

Applicability to Contracts
The Federal Changes requirement applies to all contracts.

Flow Down
The Federal Changes requirement flows down appropriately to each applicable changed requirement.

Model Clause/Language
No specific language is mandated. The following language has been developed by FTA.

Federal Changes - Contractor shall at all times comply with all applicable FTA regulations, policies, procedures, and directives, including without limitation, those listed directly or by
reference in the Master Agreement between Purchaser and FTA, as they may be amended or promulgated from time to time during the term of this contract. Contractor's failure to so comply shall constitute a material breach of this contract.

10. CLEAN AIR [42 U.S.C. 7401 et seq., 40 CFR 15.61, 49 CFR Part 18]

Applicability to Contracts
The Clean Air requirements apply to all contracts exceeding one hundred thousand dollars ($100,000), including indefinite quantities where the amount is expected to exceed one hundred thousand dollars ($100,000) in any year.

Flow Down
The Clean Air requirements flow down to all subcontracts which exceed one hundred thousand dollars ($100,000).

Model Clauses/Language
No specific language is required. FTA has proposed the following language.

Clean Air - (1) The Contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. §§ 7401 et seq. The Contractor agrees to report each violation to the Purchaser and understands and agrees that the Purchaser will, in turn, report each violation as required to assure notification to FTA and the appropriate EPA Regional Office.

(2) The Contractor also agrees to include these requirements in each subcontract exceeding one hundred thousand dollars ($100,000) financed in whole or in part with Federal assistance provided by FTA.

Applicability to Contracts
The Recycled Products requirements apply to all contracts for items designated by the EPA, when the purchaser or contractor procures ten thousand dollars ($10,000) or more of one of these items during the fiscal year, or has procured ten thousand dollars ($10,000) or more of such items in the previous fiscal year, using Federal funds. New requirements for "recovered materials" will become effective May 1, 1996. These new regulations apply to all procurement actions involving items designated by the EPA, where the procuring agency purchases ten thousand dollars ($10,000) or more of one of these items in a fiscal year, or when the cost of such items purchased during the previous fiscal year was ten thousand dollars ($10,000).

Flow Down
These requirements flow down to all to all contractor and subcontractor tiers.
**Model Clause/Language**

No specific clause is mandated, but FTA has developed the following language.

**Recovered Materials** - The contractor agrees to comply with all the requirements of Section 6002 of the Resource Conservation and Recovery Act (RCRA), as amended (42 U.S.C. 6962), including but not limited to the regulatory provisions of 40 CFR Part 247, and Executive Order 12873, as they apply to the procurement of the items designated in Subpart B of 40 CFR Part 247.

**12. NO GOVERNMENT OBLIGATION TO THIRD PARTIES**

**Applicability to Contracts**

Applicable to all contracts.

**Flow Down**

Not required by statute or regulation for either primary contractors or subcontractors, this concept should flow down to all levels to clarify, to all parties to the contract, that the Federal Government does not have contractual liability to third parties, absent specific written consent.

**Model Clause/Language**

While no specific language is required, FTA has developed the following language.

**No Obligation by the Federal Government.**

(1) The Purchaser and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this contract and shall not be subject to any obligations or liabilities to the Purchaser, Contractor, or any other party (whether or not a party to that contract) pertaining to any matter resulting from the underlying contract.

(2) The Contractor agrees to include the above clause in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

**Applicability to Contracts**

These requirements are applicable to all contracts.

**Flow Down**

These requirements flow down to contractors and subcontractors who make, present, or submit
covered claims and statements.

**Model Clause/Language**
These requirements have no specified language, so FTA proffers the following language.

**Program Fraud and False or Fraudulent Statements or Related Acts.**

(1) The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 *et seq.* and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this Project. Upon execution of the underlying contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying contract or the FTA assisted project for which this contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate.

(2) The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Contractor, to the extent the Federal Government deems appropriate.

(3) The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

**Applicability to Contracts**

All contracts (with the exception of contracts with nonprofit organizations and institutions of higher education,) in excess of ten thousand dollars ($10,000) shall contain suitable provisions for termination by the grantee including the manner by which it will be effected and the basis for settlement. (For contracts with nonprofit organizations and institutions of higher education the threshold is one hundred thousand dollars ($100,000).) In addition, such contracts shall describe conditions under which the contract may be terminated for default as well as conditions where the contract may be terminated because of circumstances beyond the control of the contractor.

**Flow Down**
The termination requirements flow down to all contracts in excess of ten thousand dollars ($10,000), with the exception of contracts with nonprofit organizations and institutions of higher
Model Clause/Language
FTA does not prescribe the form or content of such clauses. The following are suggestions of clauses to be used in different types of contracts:

a. Termination for Convenience (General Provision) The (Recipient) may terminate this contract, in whole or in part, at any time by written notice to the Contractor when it is in the Government's best interest. The Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. The Contractor shall promptly submit its termination claim to (Recipient) to be paid the Contractor. If the Contractor has any property in its possession belonging to the (Recipient), the Contractor will account for the same, and dispose of it in the manner the (Recipient) directs.

b. Termination for Default [Breach or Cause] (General Provision) If the Contractor does not deliver supplies in accordance with the contract delivery schedule, or, if the contract is for services, the Contractor fails to perform in the manner called for in the contract, or if the Contractor fails to comply with any other provisions of the contract, the (Recipient) may terminate this contract for default. Termination shall be effected by serving a notice of termination on the contractor setting forth the manner in which the Contractor is in default. The contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner of performance set forth in the contract.

If it is later determined by the (Recipient) that the Contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of the Contractor, the (Recipient), after setting up a new delivery of performance schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

c. Opportunity to Cure (General Provision) The (Recipient) in its sole discretion may, in the case of a termination for breach or default, allow the Contractor [an appropriately short period of time] in which to cure the defect. In such case, the notice of termination will state the time period in which cure is permitted and other appropriate conditions.

If Contractor fails to remedy to (Recipient)'s satisfaction the breach or default of any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by Contractor of written notice from (Recipient) setting forth the nature of said breach or default, (Recipient) shall have the right to terminate the Contract without any further obligation to Contractor. Any such termination for default shall not in any way operate to preclude (Recipient) from also pursuing all available remedies against Contractor and its sureties for said breach or default.

d. Waiver of Remedies for any Breach In the event that (Recipient) elects to waive its remedies for any breach by Contractor of any covenant, term or condition of this Contract, such waiver by (Recipient) shall not limit (Recipient)'s remedies for any succeeding breach of that or
of any other term, covenant, or condition of this Contract.

e. Termination for Convenience (Professional or Transit Service Contracts) The (Recipient), by written notice, may terminate this contract, in whole or in part, when it is in the Government's interest. If this contract is terminated, the Recipient shall be liable only for payment under the payment provisions of this contract for services rendered before the effective date of termination.

f. Termination for Default (Supplies and Service) If the Contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the Contractor fails to comply with any other provisions of this contract, the (Recipient) may terminate this contract for default. The (Recipient) shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. The Contractor will only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Recipient.

g. Termination for Default (Transportation Services) If the Contractor fails to pick up the commodities or to perform the services, including delivery services, within the time specified in this contract or any extension or if the Contractor fails to comply with any other provisions of this contract, the (Recipient) may terminate this contract for default. The (Recipient) shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of default. The Contractor will only be paid the contract price for services performed in accordance with the manner of performance set forth in this contract.

If this contract is terminated while the Contractor has possession of Recipient goods, the Contractor shall, upon direction of the (Recipient), protect and preserve the goods until surrendered to the Recipient or its agent. The Contractor and (Recipient) shall agree on payment for the preservation and protection of goods. Failure to agree on an amount will be resolved under the Dispute clause.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor was not in default, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the (Recipient).

h. Termination for Default (Construction) If the Contractor refuses or fails to prosecute the work or any separable part, with the diligence that will insure its completion within the time specified in this contract or any extension or fails to complete the work within this time, or if the Contractor fails to comply with any other provisions of this contract, the (Recipient) may terminate this contract for default. The (Recipient) shall terminate by delivering to the Contractor a Notice of Termination specifying the nature of the default. In this event, the
Recipient may take over the work and compete it by contract or otherwise, and may take
possession of and use any materials, appliances, and plant on the work site necessary for
completing the work. The Contractor and its sureties shall be liable for any damage to the
Recipient resulting from the Contractor's refusal or failure to complete the work within specified
time, whether or not the Contractor's right to proceed with the work is terminated. This liability
includes any increased costs incurred by the Recipient in completing the work.

The Contractor's right to proceed shall not be terminated nor the Contractor charged with
damages under this clause if the following conditions exist:

1. The delay in completing the work arises from unforeseeable causes beyond the control and
   without the fault or negligence of the Contractor. Examples of such causes include: acts of God,
   acts of the Recipient, acts of another Contractor in the performance of a contract with the
   Recipient, epidemics, quarantine restrictions, strikes, freight embargoes; and

2. The contractor, within ten (10) days from the beginning of any delay, notifies the (Recipient)
   in writing of the causes of delay. If in the judgment of the (Recipient), the delay is excusable,
   the time for completing the work shall be extended. The judgment of the (Recipient) shall be
   final and conclusive on the parties, but subject to appeal under the Disputes clauses.

If, after termination of the Contractor's right to proceed, it is determined that the Contractor was
not in default, or that the delay was excusable, the rights and obligations of the parties will be the
same as if the termination had been issued for the convenience of the Recipient.

i. Termination for Convenience or Default (Architect and Engineering) The (Recipient)
   may terminate this contract in whole or in part, for the Recipient's convenience or because of the
   failure of the Contractor to fulfill the contract obligations. The (Recipient) shall terminate by
delivering to the Contractor a Notice of Termination specifying the nature, extent, and effective
date of the termination. Upon receipt of the notice, the Contractor shall (1) immediately
discontinue all services affected, unless the notice directs otherwise, and (2) deliver to the
Contracting Officer all data, drawings, specifications, reports, estimates, summaries, and other
information and materials accumulated in performing this contract, whether completed or in
process.

If the termination is for the convenience of the Recipient, the Contracting Officer shall make an
equitable adjustment in the contract price but shall allow no anticipated profit on unperformed
services.

If the termination is for failure of the Contractor to fulfill the contract obligations, the Recipient
may complete the work by contract or otherwise and the Contractor shall be liable for any
additional cost incurred by the Recipient.

If, after termination for failure to fulfill contract obligations, it is determined that the Contractor
was not in default, the rights and obligations of the parties shall be the same as if the termination
j. Termination for Convenience of Default (Cost-Type Contracts) The (Recipient) may terminate this contract, or any portion of it, by serving a notice or termination on the Contractor. The notice shall state whether the termination is for convenience of the (Recipient) or for the default of the Contractor. If the termination is for default, the notice shall state the manner in which the contractor has failed to perform the requirements of the contract. The Contractor shall account for any property in its possession paid for from funds received from the (Recipient), or property supplied to the Contractor by the (Recipient). If the termination is for default, the (Recipient) may fix the fee, if the contract provides for a fee, to be paid the contractor in proportion to the value, if any, of work performed up to the time of termination. The Contractor shall promptly submit its termination claim to the (Recipient) and the parties shall negotiate the termination settlement to be paid the Contractor.

If the termination is for the convenience of the (Recipient), the Contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination.

If, after serving a notice of termination for default, the (Recipient) determines that the Contractor has an excusable reason for not performing, such as strike, fire, flood, events which are not the fault of and are beyond the control of the contractor, the (Recipient), after setting up a new work schedule, may allow the Contractor to continue work, or treat the termination as a termination for convenience.

15. GOVERNMENT-WIDE DEBARMENT AND SUSPENSION (NONPROCUREMENT)

Background and Applicability

The provisions of Part 29 apply to all grantee contracts and subcontracts at any level expected to equal or exceed twenty-five thousand dollars ($25,000) as well as any contract or subcontract, at any level, for federally required auditing services. 49 CFR 29.220(b). This represents a change from prior practice in that the dollar threshold for application of these rules has been lowered from one hundred thousand dollars ($100,000) to twenty-five thousand dollars ($25,000). These are contracts and subcontracts referred to in the regulation as “covered transactions.”

Grantees, contractors, and subcontractors, at any level, that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) they propose to contract or subcontract with is not excluded or disqualified. They do this by (a) checking the Excluded
Parties List System, (b) collecting a certification from that person, or (c) adding a clause or condition to the contract or subcontract. This represents a change from prior practice in that certification is still acceptable but is no longer required. 49 CFR 29.300.

Grantees, contractors, and subcontractors who enter into covered transactions also must require the entities they contract with to comply with 49 CFR 29, subpart C and include this requirement in their own subsequent covered transactions (i.e., the requirement flows down to subcontracts at all levels).

Clause Language
The following clause language is suggested, not mandatory. It incorporates the optional method of verifying that contractors are not excluded or disqualified by certification.

Suspension and Debarment
This contract is a covered transaction for purposes of 49 CFR Part 29. As such, the contractor is required to verify that none of the contractor, its principals, as defined at 49 CFR 29.995, or affiliates, as defined at 49 CFR 29.905, are excluded or disqualified as defined at 49 CFR 29.940 and 29.945.

The contractor is required to comply with 49 CFR 29, Subpart C and must include the requirement to comply with 49 CFR 29, Subpart C in any lower tier covered transaction it enters into.

By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by {insert agency name}. If it is later determined that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to {insert agency name}, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 49 CFR 29, Subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

16. PRIVACY ACT [5 U.S.C. 552]

Applicability to Contracts
When a grantee maintains files on drug and alcohol enforcement activities for FTA, and those files are organized so that information could be retrieved by personal identifier, the Privacy Act requirements apply to all contracts.

Flow Down
The Federal Privacy Act requirements flow down to each third party contractor and their contracts at every tier.
Model Clause/Language
The text of the following clause has not been mandated by statute or specific regulation, but has been developed by FTA.

Contracts Involving Federal Privacy Act Requirements The following requirements apply to the Contractor and its employees that administer any system of records on behalf of the Federal Government under any contract:

(1) The Contractor agrees to comply with, and assures the compliance of its employees with, the information restrictions and other applicable requirements of the Privacy Act of 1974,

5 U.S.C. § 552a. Among other things, the Contractor agrees to obtain the express consent of the Federal Government before the Contractor or its employees operate a system of records on behalf of the Federal Government. The Contractor understands that the requirements of the Privacy Act, including the civil and criminal penalties for violation of that Act, apply to those individuals involved, and that failure to comply with the terms of the Privacy Act may result in termination of the underlying contract.

(2) The Contractor also agrees to include these requirements in each subcontract to administer any system of records on behalf of the Federal Government financed in whole or in part with Federal assistance provided by FTA.

Applicability to Contracts
The Civil Rights Requirements apply to all contracts.

Flow Down
The Civil Rights requirements flow down to all third party contractors and their contracts at every tier.

Model Clause/Language
The following clause was predicated on language contained at 49 CFR Part 19, Appendix A, but FTA has shortened the lengthy text.

Civil Rights - The following requirements apply to the underlying contract:

any employee or applicant for employment because of race, color, creed, national origin, sex, age, or disability. In addition, the Contractor agrees to comply with applicable Federal implementing regulations and other implementing requirements FTA may issue.

(2) Equal Employment Opportunity - The following equal employment opportunity requirements apply to the underlying contract:

(a) Race, Color, Creed, National Origin, Sex - In accordance with Title VII of the Civil Rights Act, as amended, 42 U.S.C. § 2000e, and Federal transit laws at 49 U.S.C. § 5332, the Contractor agrees to comply with all applicable equal employment opportunity requirements of U.S. Department of Labor (U.S. DOL) regulations, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor," 41 C.F.R. Parts 60 et seq., (which implement Executive Order No. 11246, "Equal Employment Opportunity," as amended by Executive Order No. 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," 42 U.S.C. § 2000e note), and with any applicable Federal statutes, executive orders, regulations, and Federal policies that may in the future affect construction activities undertaken in the course of the Project. The Contractor agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, creed, national origin, sex, or age. Such action shall include, but not be limited to, the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(b) Age - In accordance with section 4 of the Age Discrimination in Employment Act of 1967, as amended, 29 U.S.C. § § 623 and Federal transit law at 49 U.S.C. § 5332, the Contractor agrees to refrain from discrimination against present and prospective employees for reason of age. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(c) Disabilities - In accordance with section 102 of the Americans with Disabilities Act, as amended, 42 U.S.C. § 12112, the Contractor agrees that it will comply with the requirements of U.S. Equal Employment Opportunity Commission, "Regulations to Implement the Equal Employment Provisions of the Americans with Disabilities Act," 29 C.F.R. Part 1630, pertaining to employment of persons with disabilities. In addition, the Contractor agrees to comply with any implementing requirements FTA may issue.

(3) The Contractor also agrees to include these requirements in each subcontract financed in whole or in part with Federal assistance provided by FTA, modified only if necessary to identify the affected parties.

18. BREACHES AND DISPUTE RESOLUTION [49 CFR Part 18, FTA Circular 4220.1E]

Applicability to Contracts
All contracts in excess of one hundred thousand dollars ($100,000) shall contain provisions or conditions which will allow for administrative, contractual, or legal remedies in instances where
contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. This may include provisions for bonding, penalties for late or inadequate performance, retained earnings, liquidated damages, or other appropriate measures.

**Flow Down**
The Breaches and Dispute Resolutions requirements flow down to all tiers.

**Model Clauses/Language**
FTA does not prescribe the form or content of such provisions. What provisions are developed will depend on the circumstances and the type of contract. Recipients should consult legal counsel in developing appropriate clauses. The following clauses are examples of provisions from various FTA third party contracts.

**Disputes** - Disputes arising in the performance of this Contract which are not resolved by agreement of the parties shall be decided in writing by the authorized representative of (Recipient)'s [title of employee]. This decision shall be final and conclusive unless within ten (10) days from the date of receipt of its copy, the Contractor mails or otherwise furnishes a written appeal to the [title of employee]. In connection with any such appeal, the Contractor shall be afforded an opportunity to be heard and to offer evidence in support of its position. The decision of the [title of employee] shall be binding upon the Contractor and the Contractor shall abide be the decision.

**Performance During Dispute** - Unless otherwise directed by (Recipient), Contractor shall continue performance under this Contract while matters in dispute are being resolved.

**Claims for Damages** - Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of his employees, agents or others for whose acts he is legally liable, a claim for damages therefor shall be made in writing to such other party within a reasonable time after the first observance of such injury of damage.

**Remedies** - Unless this contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the (Recipient) and the Contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State in which the (Recipient) is located.

**Rights and Remedies** - The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the (Recipient), (Architect) or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

19. **DISADVANTAGED BUSINESS ENTERPRISES (“DBE”) [49 CFR Part 26]**
**Background and Applicability**
The newest version on the Department of Transportation’s Disadvantaged Business Enterprise ("DBE") program became effective July 16, 2003. The rule provides guidance to grantees on the use of overall and contract goals, requirement to include DBE provisions in subcontracts, evaluating DBE participation where specific contract goals have been set, reporting requirements, and replacement of DBE subcontractors. Additionally, the DBE program dictates payment terms and conditions (including limitations on retainage) applicable to all subcontractors regardless of whether they are DBE firms or not.

The DBE program applies to all DOT-assisted contracting activities. A formal clause such as that below must be included in all contracts above the micro-purchase level. The requirements of clause subsection b flow down to subcontracts.

A substantial change to the payment provisions in this newest version of Part 26 concerns retainage (see section 26.29). Grantee choices concerning retainage should be reflected in the language choices in clause subsection d.

**Clause Language**
The following clause language is suggested, not mandatory. It incorporates the payment terms and conditions applicable to all subcontractors based in Part 26 as well as those related only to DBE subcontractors. The suggested language allows for the options available to grantees concerning retainage, specific contract goals, and evaluation of DBE subcontracting participation when specific contract goals have been established.

**Disadvantaged Business Enterprises**

a. This contract is subject to the requirements of Title 49, Code of Federal Regulations, Part 26, *Participation by Disadvantaged Business Enterprises in Department of Transportation Financial Assistance Programs.* The national goal for participation of Disadvantaged Business Enterprises (DBE) is 10%. The agency’s overall goal for DBE participation is __%. A separate contract goal [of __% DBE participation has] [has not] been established for this procurement.

b. The contractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 CFR Part 26 in the award and administration of this DOT-assisted contract. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as {insert agency name} deems appropriate. Each subcontract the contractor signs with a subcontractor must include the assurance in this paragraph (see 49 CFR 26.13(b)).

c. *(If a separate contract goal has been established, use the following)* Bidders/offerors are required to document sufficient DBE participation to meet these goals or, alternatively, document adequate good faith efforts to do so, as provided for in 49 CFR 26.53. Award of this contract is conditioned on submission of the following [concurrent with and accompanying sealed bid] [concurrent with and accompanying an initial proposal] [prior to award]:

1. The names and addresses of DBE firms that will participate in this contract;
2. A description of the work each DBE will perform;
3. The dollar amount of the participation of each DBE firm participating;
4. Written documentation of the bidder/offeror’s commitment to use a DBE subcontractor whose participation it submits to meet the contract goal;
5. Written confirmation from the DBE that it is participating in the contract as provided in the prime contractor’s commitment; and
6. If the contract goal is not met, evidence of good faith efforts to do so.

[Bidders][Offerors] must present the information required above [as a matter of responsiveness] [with initial proposals] [prior to contract award] (see 49 CFR 26.53(3)).

{If no separate contract goal has been established, use the following} The successful bidder/offeror will be required to report its DBE participation obtained through race-neutral means throughout the period of performance.

d. The contractor is required to pay its subcontractors performing work related to this contract for satisfactory performance of that work no later than 30 days after the contractor’s receipt of payment for that work from the {insert agency name}. In addition, [the contractor may not hold retainage from its subcontractors.] [is required to return any retainage payments to those subcontractors within 30 days after the subcontractor’s work related to this contract is satisfactorily completed.] [is required to return any retainage payments to those subcontractors within 30 days after incremental acceptance of the subcontractor’s work by the {insert agency name} and contractor’s receipt of the partial retainage payment related to the subcontractor’s work.]
e. The contractor must promptly notify {insert agency name}, whenever a DBE subcontractor performing work related to this contract is terminated or fails to complete its work, and must make good faith efforts to engage another DBE subcontractor to perform at least the same amount of work. The contractor may not terminate any DBE subcontractor and perform that work through its own forces or those of an affiliate without prior written consent of {insert agency name}.

20. INCORPORATION OF FEDERAL TRANSIT ADMINISTRATION (“FTA”) TERMS [FTA Circular 4220.1E]

Applicability to Contracts
The incorporation of FTA terms applies to all contracts.

Flow Down
The incorporation of FTA terms has unlimited flow down.

**Model Clause/Language**
FTA has developed the following incorporation of terms language:

**Incorporation of Federal Transit Administration Terms** - The preceding provisions include, in part, certain Standard Terms and Conditions required by DOT, whether or not expressly set forth in the preceding contract provisions. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1E, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The Contractor shall not perform any act, fail to perform any act, or refuse to comply with any (name of grantee) requests which would cause (name of grantee) to be in violation of the FTA terms and conditions.

**Applicability to Contracts**
The Safe Operation of Motor Vehicles requirements apply to all federally funded third party contracts. In compliance with Federal Executive Order No. 13043, “Increasing Seat Belt Use in the United States,” April 16, 1997, 23 U.S.C. Section 402 note, FTA encourages each third party contractor to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company owned, rented, or personally operated vehicles, and to include this provision in each third party subcontract involving the project. Additionally, recipients are required by FTA to include a Distracted Driving clause that addresses distracted driving, including text messaging in each of its third party agreements supported with Federal assistance.

**Flow Down Requirements**
The Safe Operation of Motor Vehicles requirements flow down to all third party contractors at every tier.

**Model Clause/Language**
There is no required language for the Safe Operation of Motor Vehicles clause. Recipients can draw on the following language for inclusion in their federally funded procurements.

**Safe Operation of Motor Vehicles**

**Seat Belt Use**
The Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel who operate company-owned vehicles, company-rented vehicles, or personally operated vehicles. The terms “company-owned” and “company-leased” refer to vehicles owned or leased either by the Contractor or AGENCY.
Distracted Driving
The Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contractar owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this agreement.

Applicability to Contracts
a. Bonds are required for all construction or facility improvement contracts and subcontracts exceeding the simplified acquisition threshold. FTA may accept the bonding policy and requirements of the recipient if FTA has determined that the Federal interest is adequately protected. If such a determination has not been made, the following minimum requirements apply:
b. A bid guarantee from each bidder equivalent to five percent of the bid price. The “bid guarantee” must consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of the bid, execute such contractual documents as may be required within the time specified.
c. A performance bond on the part of the contractor for one hundred percent (100%) of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.
A payment bond on the part of the contractor for one hundred percent (100%) of the contract price. A “payment bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.

Flow Down
These requirements extend to all third party contractors and their contracts at every tier and subrecipients and their subcontracts at every tier that exceed the simplified acquisition threshold.

Model Clauses/Language
There is no required language for bonding requirements.

SOUND TRANSIT INVOICE FORM

Invoice No. _____ Dated: _________

TO: Sound Transit
    Accounts Payable
    401 S Jackson Street
    Seattle, WA 98104

    accountspayable@soundtransit.org

Attention: Accounts Payable and [Sound Transit’s Designated Representative]

Re: _____________________________________________________________

The City’s authorized representative certifies that the amount of $_______ is due and payable to the City in accordance with the provisions of the Agreement, as supported by the attached invoice and supporting documentation.

[Identify the phase(s), and the amounts by phase, for which the amount due applies]

The City makes the following representations and warranties to Sound Transit in connection with the Invoice:

- All work performed to date has been, unless otherwise specifically stated by the City, performed in accordance with the terms and conditions of this Agreement.
- The amount specified above has been computed in accordance with, and is due and payable under, the terms and conditions of the Agreement, has not been the subject of any previous invoice (unless disputed or rejected for payment) and is not the subject of any pending invoice from the City.

Any liability of Sound Transit arising from these representations and warranties are governed by the terms and conditions of the Agreement.
