INSTRUCTIONS TO PROPOSERS

1. INTRODUCTION

The Norwalk Transit District ("NTD") invites proposals and qualification statements from consultants with outstanding qualifications, experience and knowledge to provide an On-Demand Transportation Solution. Appendix B of this Request for Proposal (RFP) provides detailed information regarding the scope of services. NTD intends to award a 3-year Contract with the option to renew for two additional 1-year periods.

This RFP includes these Instructions to Proposers, the attached Pricing Proposal (Appendix A), the attached Scope of Work (Appendix B), the attached draft Agreement (Appendix C) that the successful Proposer will enter into with NTD, and the Federal Transit Administration Required Clauses and Other Required Forms (Appendix E). Definitions of undefined, capitalized terms included in these Instructions to Proposers are found in the attached Scope of Work or the draft Agreement.

2. BACKGROUND

The Norwalk Transit District (the “District”) is a quasi-municipal corporation operating under the authority of Title 7 Chapter 103a of the Connecticut General Statutes. There are two Commissioners who form the Board of Commissioners, the policy making body of the District. The District has broad powers to acquire, operate, finance, plan, develop, maintain and otherwise provide all forms of land transportation and related services.

On-Demand Transportation Solution Instruction to Bidders 1
Rev. 00
The District is eligible and authorized under state and local law to request, receive, and manage grant funds and to execute and administer grant-funded projects. The District provides a variety of services in support of public transportation in southwest Connecticut. Most District services are directly operated, except for some supplemental para-transit service contracted out to local non-profit agencies. The population of all communities served throughout Fairfield County is in excess of 900,000. The primary service area of Norwalk and Westport has a population of 110,000.

Services consist of 8 bus routes that operate Monday through Friday and 6 routes that operate on Saturday, generally from 6:00 a.m. to 7:30 p.m. Additional services known as the Norwalk Evening and Sunday Shuttles operate on two routes, one serving the Connecticut Avenue corridor and the second serving the Main Avenue corridor.

In addition, the District operates commuter bus service, servicing the train station in Norwalk, Westport, and Greenwich and the Norwalk Community College, Merritt 7 buildings, 10/20 Westport Road, Norwalk Hospital, and Greenwich Hospital.

Norwalk has six Commuter Connection Shuttle routes. Four shuttles meet Metro-North Railroad trains at the South Norwalk Rail Station and one meets trains at the Saugatuck Rail Station.

Within the Town of Westport, the District operates commuter services on seven routes weekdays to and from the Saugatuck and Green Farms Rail Stations.

In Greenwich, the District operates two commuter shuttles that serve the Greenwich Metro-North Rail Station.

In cooperation with Greater Bridgeport Transit and the Milford Transit District, the District operates the Coastal Link, a regional fixed route bus service along the Route 1 corridor through Norwalk, Westport, Fairfield, Bridgeport, Stratford, and Milford.

The District provides ADA complementary para-transit services both directly and under contract through a variety of programs: Dispatch-A-Ride (serving Norwalk), Easy Access (serving Stamford), and Westport Elderly & Disabled (serving Westport). An inter-jurisdictional ADA complementary para-transit service is provided through the District’s Town-to-Town program, which serves Westport and Wilton. In addition, para-transit services for the elderly are provided in Westport.

The District currently provides Wheels2U service, a Microtransit Pilot Program, on-demand shuttle service (like Lyft or Uber) operated within a designated zone in Norwalk that provides a unique and convenient alternative mode of transportation. The shuttle drivers have an app in each shuttle to provide navigation, live traffic conditions and real-time pick-up and drop-off information. The Wheels2U service is intended to improve the connection between South Norwalk, Maritime Aquarium, The Sono Collection, Wall Street area, and other attractions. See the maps below for specific geographic boundaries.
3. SCOPE OF WORK OVERVIEW

This RFP anticipates the award of an Agreement for the work, materials, and services described in the Scope of Work (Appendix B) and the draft Agreement (Appendix C). The successful Proposer will provide a Platform that supplies an on-demand environment for delivering, managing, and supporting Norwalk Transit’s “Wheels 2U” demand responsive operations.

If Proposer is a joint venture, Proposer must include a statement acknowledging that all parties to the joint venture will enter individually into a contract with NTD and on behalf of the joint venture, and state the joint venture’s name.

Proposer must describe how it perceives its role, and any subconsultant(s) roles, in carrying out the responsibilities required to complete the services set forth in this RFP. Proposer must address the specific challenges and opportunities it foresees for this Contract.

(Tab B) – Contract Staffing and Experience
The Proposer must identify key personnel who are to be assigned to the Contract. An organization chart for the Contract must be provided. The chart must indicate how Proposer intends to structure the work effort, and identify the Contract Manager, and all other key personnel.

The Proposed Contract Manager must have the responsibility and authority to commit budget and resources, and to direct and accomplish the scope of services. The Contract Manager must be experienced in managing a team of diverse professionals.

Each key person identified in the organization chart must be identified by name, and a resume or profile must be provided for each key staff person. Each resume or profile must be complete and concise, featuring experience that is most directly relevant to the task or responsibility that the individual will be assigned. If an individual is assigned to more than one position, the relevant experience must be indicated for each task assigned.

Contract services must be performed by the key personnel indicated in the original Proposal. Replacements required during the RFP evaluation process due to extraordinary and unforeseen circumstances may be accepted by NTD and the evaluation will be based on the
qualifications of the replacement. After a Notice to Proceed is issued, Proposer must not replace key personnel listed in the Proposal unless the personnel are approved by NTD in writing prior to their performing services. Resumes of replacements must be submitted to NTD with applicable information.

A complete and accurate description of the firm’s experience relevant to this Contract must be provided. At least two recent client reference check contacts, which may not include current or former NTD employees, must be provided for each firm proposed, and for the proposed Contract Manager.

(Tab C) – Contract Work Plan
In this Tab, the Proposer must outline its methodology for the performance of the tasks identified in the Contract Scope in Section VI of this RFP (see 8 items listed below). The Work Plan must provide a narrative description of the plan for performing services as well as any substantive or procedural innovations used by Proposer that are applicable to the services described in this RFP. The Work Plan must include a listing of anticipated deliverables and a work flow chart for all tasks. The work of each subconsultant must be identified as part of this effort. The Work Plan must address the following:

1) Discussion of Professional Services included
2) Description of Customer (Rider) – facing application (for Android, iOS, web browsers and web-enabled devices)
3) Description of Customer Service Representative (CSR) – facing application (web browser and web enabled devices)
4) Description of Operator-facing application (for Android and/or iOS)
5) Description of Dispatcher-facing application (web browser and web enabled devices)
6) Description of Administrator Dashboard (for web browsers and web enabled devices)
7) How Data Collection and Reporting will be conducted
8) How Technical Support/Software Upgrades and Releases will be provided and delivered, including a discussion of any additional costs associated with these.
9) How Transfer of Data at Contract Termination will occur
10) How the Import of Existing Data will be accomplished

Proposer’s Work Plan will be used in conjunction with Appendix B, Scope of Work, will constitute the Scope of Work and the requirements for performance of this Contract. The Work Plan must reflect Proposer’s interpretation of the Contract Scope, and the requirements and guidelines stated in this RFP; repetition or restatement of Appendix B will not adequately demonstrate the Proposer’s understanding of the Contract Scope.

Proposer must also clearly describe any facilities, NTD personnel, data, and other requirements that NTD will be expected to provide.
(Tab E) – Exceptions to the Contract

NTD expects the selected Proposer to enter into NTD’s Form of Agreement, including all of the terms and conditions set forth in this RFP. However, NTD affords Proposer an opportunity, in Tab E of the Proposal, to identify exceptions to any terms and conditions set forth in the RFP and offer, for NTD’s consideration, proposed changes to those terms and conditions. Proposer must clearly identify each and every proposed contract exception in Tab E of its Proposal. NTD will not consider any exceptions to the contract terms and conditions not listed in Tab E of the Proposal.

NTD will not review the contract exceptions as part of its evaluation of the Proposal. If NTD determines through its evaluation process that Proposer is the highest-ranked Proposer, or is within the competitive range, NTD will review Proposer’s contract exceptions. With respect to each exception, NTD reserves the right, in its sole and absolute discretion, to reject the exception outright, negotiate with Proposer regarding the exception, or make the requested modification. NTD may deem Proposer non-responsive and proceed to negotiate with the next-highest ranked Proposer, if Proposer is unwilling to enter into the Contract after a reasonable period of negotiation regarding the exceptions.

The offeror shall provide all exceptions taken to the technical or contractual terms portion of the solicitation in this section. If the offeror does not take exception to the solicitation provisions, an affirmative statement that effect shall be provided in this section.

(Tab F) – Appendices

Proposer must carefully examine the RFP for required documentation not specifically covered in Tabs A through F above, and must place such documentation in an appendix. Information considered by Proposer to be pertinent to this Contract, but not specifically requested in this RFP, may also be placed in an appendix. Proposer is reminded that this is not an invitation to submit voluminous amounts of extraneous material.

C. Rejection of Proposal

Unauthorized conditions, limitations, or provisions attached to a Proposal may cause its rejection. It is recognized that each Proposers may have unique methods of service delivery. It is not the intention of this RFP to disqualify a Proposer due to variations in service delivery that do not affect quality or performance. Any Proposal offering professional services equivalent to or better than those requested will receive full consideration for award.

NTD reserves the right to reject any and all Proposals received, or to negotiate separately with any Proposer in any manner necessary to serve NTD’s best interests.

NTD may elect not to award a contract and will not be responsible for any cost to any Proposer associated with preparing the information solicited or obtained.

Non-acceptance of any responsive Proposal will not imply that the Proposal is deficient. Non-acceptance of any Proposal will mean that another accepted Proposal was deemed to be more advantageous to NTD.

All material submitted becomes the property of NTD and may be returned on at NTD’s option.
6. PROPOSAL EVALUATION

A. Evaluation Procedures

Proposals received that conform to the instructions provided in this Section of the RFP will be evaluated by a Selection Committee designated by NTD. Proposals must comply with the requirements of this RFP to be deemed responsive. The evaluation will be performed using the criteria described here and shown on the attached Proposal Evaluation Form. The evaluation process will result in a range ordering of firms based upon qualifications and price. Certain Proposers may be required to attend an oral interview as part of the final ranking process, based on a short-listing of firms. If oral interviews are held, the Proposals will be re-scored, using the same evaluation criteria published in this RFP and considering the information that was provided as part of the interviews. Previous clients of each Proposer may be contacted regarding the Proposer’s past performance. Responses of previous clients may be considered as part of the proposal evaluation process.

If NTD receives only one proposal or if because of some disqualifying action only one responsive and responsible proposal remains to be considered, NTD will determine whether such proposal is fair and reasonable. NTD may perform cost and price analysis to make such determination. If there is only one responsive Proposer, that Proposer must permit NTD or its designee to review its cost records at reasonable times to determine whether the proposal is fair and reasonable.

B. Evaluation Criteria

NTD evaluation criteria for responsive Proposals are listed on the Proposal Evaluation Form on following page. Ranking will be based on a maximum of 100 points, using a scoring range of 1 to 10, and weighted as indicated on the Form. The highest ranking for each category will be based on the Proposal material submitted, oral interviews (if applicable), and what is deemed most reasonable, logical, appropriate, insightful and advantageous to NTD. The firm(s) submitting a responsive Proposal with the highest total weighted score, based on composite scoring of the Selection Committee, and including any applicable SBE/DBE point preference(s), will be determined to be the most qualified.

C. Negotiations

After evaluation is completed and upon determination of the final ranking, NTD will commence contract negotiations with all Proposers within the competitive range for the purpose of finalizing a recommendation of contract award to the NTD Board of Commissioners. Contract negotiations will be limited to Proposer’s Price Proposal, contract schedule, any changes to the scope of services related to the price proposal negotiations and, if deemed appropriate by NTD, negotiations regarding contract exceptions identified in Volume 1, Tab B of the Proposal.

During the negotiations, the Proposers within the competitive range may be asked to submit a best and final proposal and price (BAFO). If a BAFO is requested, all BAFOs will be scored based on the same evaluation criteria published in this RFP and considering
all information provided to NTD in the original Proposal, at oral interviews, during negotiations, and in the BAFO. NTD reserves the right to make award based on the original proposal without further negotiations.

On-Demand Transportation Solution Instruction to Bidders

Rev. 00
D. NTD Proposal and Consultant Policies

1) RFP as the Basis for Proposals and Contract

This RFP, including any addenda, represents the most definitive statement NTD will make concerning information upon which Proposals are to be based. Any information, verbal or written, that is not contained in this RFP and addenda thereto will not be considered by NTD in evaluating the Proposals and will not be binding NTD.

2) Agency Right to Waive Minor Irregularities

NTD reserves the right to waive minor irregularities in the proposal process or to modify the selection process and timeline as it deems necessary.

3) Role of Consultant

The division of work among the selected Consultant and any proposed subconsultant is left to the selected Consultant to identify in assembling a Contract team. The selected Consultant must manage, control, review and approve all subcontract work and services for the total Contract. The selected Consultant will be responsible for the quality and timeliness of all subconsultant work and must coordinate all subconsultant activities. The selected Consultant must keep NTD apprised of any problems faced and provide regular progress and budget reports.

The selected Consultant must ensure that all subcontract work conforms to the Contract. Use of any subconsultants not identified in the Proposal will be subject to written approval by NTD.

4) Limitation and Award of Contract

NTD intends to award a Contract to the Proposer offering the proposal most advantageous to NTD. This RFP does not commit NTD to award a Contract. NTD reserves the right to reject all Proposals. If NTD rejects all Proposals, the solicitation may be abandoned, re-advertised, or performed in any manner authorized under the NTD Procurement Policies or applicable law.

The contents of the successful Consultant's Proposal will be incorporated into the resulting contract. NTD’s Sample Contract is included in Appendix C of this RFP. NTD reserves the right to rescind the Contract award if the selected Consultant is unable or unwilling to enter into a contract substantially identical to the Sample Contract, or the Contract as mutually negotiated, within 20 days from the date it is sent to the selected Consultant for execution.

Proposals will be made available, upon request, for copying or inspection when the Board approves a contract or contract(s) for the work that is the subject of
this RFP.

5) Debarred Bidders

Proposer, including any of its officers or holders of a controlling interest, must inform NTD whether or not it is or has been on any debarred bidders’ list maintained by the State of Connecticut or any federal agency. If Proposer is added to such a list during the performance of this Contract, it must inform NTD.

6) Disclosure of Interests and Gratuities

Proposer, including any of its officers or holders of a controlling interest, must inform NTD whether or not it has any conflict of interest or has provided gratuities or Campaign Contributions to NTD officers or employees as set out in Appendix E, FTA Required Clauses and Other Required Forms.

7) Disclosure of Proposal Information

Once submitted, Proposals become a matter of public record. Where a Proposer submits technical or business information that is claimed to be “trade secret” or confidential, Proposer must so indicate by delineating each section of the Proposal with the heading “Confidential.” NTD will give consideration to the claim of confidentiality. NTD will notify a Proposer if it receives a request for release of information identified as confidential by Proposer. By submitting its Proposal, Proposer agrees that NTD will not be held liable for releasing information pursuant to a Freedom of Information Act request.

If any information is set apart and clearly marked “confidential” when it is provided to NTD, NTD will give notice to Proposer of any request for the disclosure of such information. Proposer will then have 5 days from its receipt of such notice to enter into an agreement with NTD providing for the defense of, and complete indemnification and reimbursement for all costs (including plaintiff’s attorney fees) incurred by NTD in, any legal action to compel the disclosure of such information under the Freedom of Information Act. Consultant will have sole responsibility for defense of the designation of such information.

8) Use of RFP Ideas

NTD reserves the right to use any or all of Proposer’s ideas as set forth in its Proposal. Selection or rejection of the Proposal does not affect this right.
9) Facilities and Resources

Proposer must furnish all equipment, facilities, labor, supervision, and any and all other required materials and services, except as set out in Appendix B, Scope of Work, or as otherwise specified in its Proposal. No NTD resources (personnel, facilities or equipment) will be provided unless agreed upon in writing.

6. CONDITIONS OF PROPOSALS

A. All Proposers shall adhere to the following conditions:

1) Conformance with statutes - Any Agreement executed as a result of this RFP shall be in full conformance with statutory requirements of the State of Connecticut and the Federal Government.

2) Ownership of Proposals - All Proposals in response to this RFP are to be the sole property of NTD, and subject to the provisions of Section 1-210 of the Connecticut General Statutes (Re: Freedom of Information).

3) Oral agreements - Any alleged oral agreements or arrangements made by a Proposer with any agency or employee will be superseded by the written Agreement.

4) Amending or canceling requests - NTD reserves the right to amend or cancel this RFP prior to or after the submittal deadline, if it is in the best interests of the NTD, as determined by NTD in its sole discretion.

5) Rejection for default or misrepresentation - NTD reserves the right to reject the Proposal if the Proposer is in default of any prior contract or for misrepresentation in its Proposal.

6) Rejection for substantial incompletion - NTD reserves the right to reject without evaluating and scoring the Proposal of any Proposer which is substantially incomplete.

7) NTD’s clerical errors - NTD reserves the right to correct inaccuracies resulting from its clerical errors in this RFP.

8) Rejection of qualified proposals - Proposals are subject to rejection in whole or in part if they limit or modify any of the terms and/or specifications of the RFP.

9) Changes to Proposal - No additions or changes to the original Proposal will be allowed after submittal. While changes are not permitted, clarification at the request of NTD may be required at the Proposer's expense.

10) Collusion - By responding, the Proposer represents that its Proposal is not made in connection with any competing Proposer submitting a separate response to the RFP, and is in all respects fair and without collusion or fraud. The Proposer further represents that the Proposer did not participate in the RFP development process, had no knowledge of the specific contents of the RFP prior to its issuance, and that no employee of the agency participated directly or indirectly in
the Proposer's Proposal preparation.

B. Rights reserved to NTD:

1) NTD reserves the right to award in part, to reject any and all Proposals in whole or in part, and to waive defects, irregularities, and omissions if, in its sole judgment, the best interest of the NTD will be served.

2) NTD reserves the right to schedule interviews with any or all Proposers after review of Proposals.

3) NTD reserves the right to modify, add to, or delete terms or conditions addressed in this RFP at any time during the selection process and/or the negotiation process, when it is deemed by NTD to be in its best interest to do so.

4) NTD reserves the right to:
   i. Award the Agreement to the Proposer with the highest Total Score identified in the “Evaluation Criteria” section;
   ii. Negotiate a final Agreement with that highest scoring Proposer if, in the NTD’s sole discretion, negotiations are necessary;
   iii. Enter negotiations with the second highest scoring Proposer if NTD cannot reach agreement with that highest scoring Proposer; or
   iv. Repeat this process, if necessary, with other Proposers.
   v. Cancel this process and/or initiate to new RFP process.
   vi. Correct any inconsistencies, ambiguities, or errors that may exist in the Scope of Work or draft Agreement and to clarify Agreement terms, including technical requirements, if any such changes are needed or desired by NTD.

7. STANDARD RFP TERMS AND CONDITIONS

A. All Proposals shall be signed by a person duly authorized to sign proposals on behalf of the Proposer.

B. NTD is exempt from the payment of excise, transportation and sales taxes imposed by the Federal Government and/or the State. Such taxes must not be included in Proposal prices.

D. As described below, the NTD may withhold from disclosure any Proposal until the completion of the procurement process. However, upon receipt by NTD, the Proposal is considered a public record or file, subject to the Freedom of Information Act (“FOIA”). Accordingly, each Proposer shall identify any and all information that it considers to be confidential as proprietary or trade secret. Those particular sentences, paragraphs, pages or sections that the Proposer believes to be proprietary or trade secret shall be specifically and clearly identified as such. Each Proposer seeking to claim an exemption for a trade secret or proprietary information must provide a convincing explanation and rationale consistent with the law sufficient to justify treating the identified information as
proprietary or trade secret under § 1-210(b) of the Connecticut General Statutes, including the representation that such information is not already in the public domain. The rationale and explanation shall be stated in terms of the prospective harm to the competitive position of the Candidate that would result if the identified material were to be released, and set forth the reasons it believes the material is legally exempt from release pursuant to FOIA. If the Proposer indicates that certain documentation is submitted in confidence, by specifically and clearly marking said documentation as CONFIDENTIAL, NTD will first review such claims to make sure they are consistent with FOIA (that is, the documentation is actually a trade secret or commercial or financial information and not required by statute), and if so, will endeavor to keep said information confidential to the extent permitted by law. See, e.g., Section 1-210(b)(5)(A-B). The final administrative authority deciding whether to release or exempt any or all material so identified rests solely with NTD; subject to adjudication by the Freedom of Information Commission (FOIC) should the Proposer’s claim of proprietary or trade secret information be challenged. NTD, however, has no obligation to initiate, prosecute or defend any legal proceeding or to seek a protective order or other similar relief to prevent disclosure of any information that is sought pursuant to a FOIA request. Should NTD withhold such documentation from a FOIA requester and a complaint be brought to the FOIC, the Proposer shall have the burden of cooperating with NTD in defense of that action and in terms of establishing the availability of any FOIA exemption in any proceeding where it is an issue. In no event shall NTD have any liability for the disclosure of any documents or information in its possession which NTD believes is required to be disclosed pursuant to FOIA or other requirements of law.

By submitting a Proposal, each Proposer agrees that NTD may reveal any trade secret materials contained in such Proposal to all staff and officials involved in the selection process, and to any outside consultants, legal counsel or other third parties who serve on the evaluation committee or who are hired to assist in the selection process. Each such individual who receives such information will be required to sign a confidentiality form. Furthermore, each Proposer agrees to indemnify and hold harmless NTD and each of its officers, employees, consultants, counsel and agents from all costs, damages and expenses incurred in connection with NTD refusing to disclose any material which the Proposer has designated as a trade secret or proprietary. Any Proposer that designates its entire proposal as a trade secret or proprietary may be disqualified by the NTD, in its sole discretion.

Subject to any particular FOIA request that may be made, pursuant to Section 1-210(b)(24) of the Connecticut General Statutes, the Commissioner of NTD may (subject to the balancing test required by Section 1-210(b)(24)) withhold from disclosure the Proposal until the agreement contemplated by this RFP has been executed or when negotiations for the award of such agreement have ended, whichever occurs earlier.

Section 1-210(b)(24) provides that nothing in FOIA shall be construed to require the disclosure of:

“Responses to any request for proposals or bid solicitation issued by a public agency or any record or file made by a public agency in connection with the contract award process, until such contract is executed or negotiations for the award of such contract have ended, whichever occurs earlier, provided the chief executive officer of such public agency certifies that the public interest in the
disclosure of such responses, record or file is outweighed by the public interest in
the confidentiality of such responses, record or file.”

E. This RFP is not an agreement and, alone, shall not be interpreted as such. Rather, this
RFP only serves as the instrument through which Proposals are solicited. Appendix C to
this RFP is a draft Agreement and it is included in this RFP for informational purposes
only in order to show the agreement provisions that NTD requires for this RFP. The
successful Proposer shall be bound by the terms and conditions of the draft Agreement, as
it may be modified by agreement of the parties. After NTD selects a Proposer, NTD will
deliver an Agreement with any updated language and finalized Schedules and
attachments to the successful Proposer for negotiation. If, for whatever reason, NTD and
the initial Proposer fail to reach consensus on the issues relative to an Agreement, then
NTD may commence agreement negotiations with other Proposers.

NORWALK TRANSIT DISTRICT
ON-DEMAND TRANSPORTATION SOLUTION

RFP # 2019-01

APPENDIX B

Scope of Work
On-Demand Transportation Solution – Scope of Work

A. Background and Setting

The Norwalk Transit District was established by a City of Norwalk ordinance in 1973 and began operation in 1978 to provide bus and door-to-door services in Norwalk, Connecticut. Although the District has one participating member municipality, the City of Norwalk, it is a regional service provider. The District operates fixed route, commuter, and para-transit services in communities throughout southwestern Connecticut. Most District services are directly operated, except for some supplemental para-transit service contracted out to local non-profit agencies. The total population of all communities served throughout Fairfield County is in excess of 900,000. The primary service area of Norwalk and Westport has a population of 110,000.

Norwalk Transit contracted with a vendor to perform a simulation and six-month pilot of a Microtransit scheduling software technology on “On Demand” services. The pilot launched on September 13, 2018. The pilot was set up to perform evening services on Thursday – Saturday from 5:00 pm to midnight, and all-day Sunday services (12:00 pm to 9:00 pm) within a “zoned” area of Norwalk to target the TOD and entertainment districts. The zone has twice been expanded to exterior sections of Norwalk to allow for more areas to get into the entertainment district.

Customers are able to book rides through the use of a mobile device app, and all rides are scheduled and performed through online software technology that consists of automated scheduling.

The current pilot is being extended for an additional two months. The program is called “Wheels 2U” and has performed over 3,300 trips during the first five months of piloting. The fleet includes 2 vehicles at the current time that are designed with wraps to enhance awareness.

B. Performance Requirements

Norwalk Transit seeks to collaborate with a partner to implement and administer Norwalk Transit’s “Wheels 2U” on-demand service. The Contractor must provide a Platform that supplies an on-demand environment for delivering, managing, and supporting Norwalk Transit’s “Wheels 2U” demand responsive operations. Norwalk Transit will provide drivers, vehicles, necessary equipment (tablets for vehicles, computer hardware / software required to operate system), and marketing to promote and operate the service. The system should also allow for interface with Norwalk Transit’s current Paratransit scheduling software.

Service features must include, but not be limited to:

NTD PROTEST POLICY AND PROCEDURES
NORWALK TRANSIT DISTRICT PROTEST POLICY AND PROCEDURES

It is the policy of NORWALK TRANSIT DISTRICT that it is responsible for resolving all Pre-Bid, Pre-Award and Post-Award Procurement Protest disputes arising out of third party procurements using good administrative practices and sound business judgment. It is NTD’s intention that its procurement process provides for fair and open competition in compliance with federal and state laws and NORWALK TRANSIT DISTRICT policies.

NORWALK TRANSIT DISTRICT has established these Pre-Bid, Pre-Award and Post-Award Procurement Protest Policy and Procedures so that all procurement protests/disputes are filed, processed and resolved in a manner consistent with the requirements of the Federal Transit Administration (FTA) Circular (4220.1F) Third Party Contracting Guidance, dated November 1, 2008, which are on file at NTD’s Administrative Offices, 275 Wilson Avenue, Norwalk, CT 06854 and available upon request.

APPLICABILITY
This regulation is applicable to all NORWALK TRANSIT DISTRICT employees. This regulation is applicable to any Interested Party as defined herein who has a protest/dispute against NORWALK TRANSIT DISTRICT in the Pre-Bid, Pre-Award and Post-Award procurement phase.

DEFINITIONS
“Common Grant Rules” refers to the Department of Transportation regulations “Uniform Administrative Requirements for Grants and Cooperative Agreements to State and Local Governments,” 49 CFR Part 18, which apply to Federal grants and cooperative agreements with governmental recipients/subrecipients of Federal assistance including Indian tribal governments.

“Interested Party” means a party that is an actual or prospective firm submitting a quotation or offeror whose direct economic interest would be affected by the award or failure to award the third party contract at issue. A subcontractor does not qualify as an “interested party”.

“Protest” means a formal declaration of disapproval or objection issued by a concerned person, group, or organization that arises during the procurement process. A Protest is a potential firm submitting a quotation’s or contractor’s remedy for correcting a perceived wrong in the procurement process. See “Types of Protests” below.

“Protester” means a person, group, or organization that files a formal declaration of disapproval or objection. A protester must qualify as an “interested party”.

“Types of Protests” there are three basic types of Protests pursuant to this regulation, based on the time in the procurement cycle when they occur:

1. A pre-bid or solicitation phase Protest is received prior to the bid opening or proposal due date. Pre-bid protests are those based on the content of the initial Notice and/or solicitation published by NORWALK TRANSIT DISTRICT requesting bids from vendors or other interested parties.

2. A pre-award Protest is a protest against making an award and is received after receipt of proposals or bids, but before award of a contract.
3. A post-award Protest is a protest received after award of a contract. A post-award Protest must be received within 5 business days of the making of the award. A post-award Protest generally alleges a violation of applicable federal or state law and/or NORWALK TRANSIT DISTRICT policy or procedures relative to the seeking, evaluating and/or awarding of the contract.

STANDARDS
All Protests must be filed in writing to:

Norwalk Transit District
Kimberlee A. Morton
Norwalk Transit District
275 Wilson Avenue
Norwalk, CT 06854

No other locations are acceptable.

A Protest must be in writing and set forth the specific grounds of the dispute and shall be fully supported with technical data, test results, or other pertinent information related to the subject being protested. The Protest shall include the name and contact information of the Protester, solicitation/contract number or description, and what remedy the Protester is seeking. The Protester is responsible for adhering to this regulation. A Protester must exhaust all of protest administrative remedies before pursuing a protest with the FTA.

Norwalk Transit District’s CEO, Kimberlee Morton, or designee shall make a determination on the Protest generally within ten (10) working days from receipt of the Protest. The Decision of the CEO or Designee must be in writing and shall include a response to each substantive issue raised in the Protest. The CEO’s decision shall constitute NTD’s final administrative determination.

If NORWALK TRANSIT DISTRICT postpones the date of proposal submission because of a Protest or Appeal of the solicitation specifications, addenda, dates or any other issue relating to the procurement, NORWALK TRANSIT DISTRICT will notify, via addendum, all parties who are on record as having obtained a copy of the solicitation documents that a Protest/Appeal had been filed, and the due date for proposal submission shall be postponed until the CEO or Designee has issued its final Decision.

The Protester may withdraw its Protest or Appeal at any time before a final decision is issued.

Reviews of Protests by FTA are limited to 1) failure to have or follow its protest procedures, or its failure to review a complaint or Protest; or 2) violations of Federal law or regulation.

A Protest Appeal to the FTA must be filed in accordance with the provisions of FTA Circular 4220.1F. Any appeal to the FTA shall be made not later than five (5) working days after a final decision by the CEO, or Designee is rendered. Protest appeals should be filed with:

Federal Transit Administration
Regional Administrator Region I
Transportation Systems Center
Kendall Square
NTD RESPONSIBILITIES TO FTA
NTD will notify FTA when they receive a third party contract protest to which the FTA Circular (4420.1F) Third Party Contracting Guidance applies, and will keep FTA informed about the status of the Protest including any appeals.

NTD will provide the following information to FTA:

**Subjects:** A list of Protests involving third party contracts and potential third party contracts that:
- Have a value exceeding $100,000, or
- Involve controversial matter, irrespective of amount, or
- Involve a highly publicized matter, irrespective of amount.

**Details:** The following information about each Protest:
- A brief description of the Protest,
- The basis of disagreement, and
- If open, how far the Protest has proceeded, or
- If resolved, the agreement or decision reached, and
- Whether an appeal has been taken or is likely to be taken.

**When and Where:** NTD will provide this information:
- In its next quarterly Milestone Progress Report, and
- At its next Project Management Oversight review, if any.

1. **Officials to Notify:** When NTD denies a bid Protest, and an appeal is likely to occur, NTD will inform the FTA Regional Administrator for Region I or the FTA Associate Administrator for the program office administering a headquarters project directly about the likely appeal.

NTD will disclose information about any third party procurement Protest to FTA upon request. FTA reserves the right to require NTD to provide copies of a particular Protest or all Protests, and any or all related supporting documents, as FTA may deem necessary.

Failure to comply with the above protest procedures will render a protest untimely and/or inadequate and shall result in its rejection.

**NORWALK TRANSIT DISTRICT** reserves the right to modify its protest procedures for the procurement of commodities such as diesel fuel, as award notification must be on the date of the bid opening or within a relatively short period of time thereafter as pricing is tied to market pricing and subject fluctuations of the market.

DEBARMENT AND SUSPENSION
A contract award (of any tier) in an amount expected to equal or exceed $25,000 or a contract award at any tier for a federally required audit (irrespective of the contract amount) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 C.F.R. part 180. The Excluded Parties List System in SAM contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Recipients, contractors, and subcontractors (at any level) that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) with which they propose to contract or subcontract is not excluded or disqualified. This is done by: (a) checking the SAM exclusions; (b) collecting a certification from that person; or (c) adding a clause or condition to the contract or subcontract.

Debarment, Suspension, Ineligibility and Voluntary Exclusion
The Contractor shall comply and facilitate compliance with U.S. DOT regulations, “Nonprocurement Suspension and Debarment,” 2 C.F.R. part 1200, which adopts and supplements the U.S. Office of Management and Budget (U.S. OMB) “Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement),” 2 C.F.R. part 180. These provisions apply to each contract at any tier of $25,000 or more, and to each contract at any tier for a federally required audit (irrespective of the contract amount), and to each contract at any tier that must be approved by an FTA official irrespective of the contract amount. As such, the Contractor shall verify that its principals, affiliates, and subcontractors are eligible to participate in this federally funded contract and are not presently declared by any Federal department or agency to be:

a) Debarred from participation in any federally assisted Award;
b) Suspended from participation in any federally assisted Award;
c) Proposed for debarment from participation in any federally assisted Award;
d) Declared ineligible to participate in any federally assisted Award;
e) Voluntarily excluded from participation in any federally assisted Award; or
f) Disqualified from participation in any federally assisted Award.
By signing and submitting its bid or proposal, the bidder or proposer certifies as follows:

The certification in this clause is a material representation of fact relied upon by the District. If it is later determined by the District that the bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the District, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment. The bidder or proposer agrees to comply with the requirements of 2 C.F.R. part 180, subpart C, as supplemented by 2 C.F.R. part 1200, while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

BUY AMERICA REQUIREMENTS
FTA’s Buy America law and regulations apply to projects that involve the purchase of more than $150,000 ($100,000 for grants obligated on or before December 25, 2014) of iron, steel, manufactured goods, or rolling stock to be delivered to the recipient to be used in an FTA assisted project. FTA cautions that its Buy America regulations are complex. Recipients can obtain detailed information on FTA’s Buy America regulation at: The Federal Transit Administration’s Buy America website.

The Buy America requirements flow down from FTA recipients and subrecipients to first tier contractors, who are responsible for ensuring that lower tier contractors and subcontractors are in compliance. The contractor agrees to comply with 49 U.S.C. 5323(j) and 49 C.F.R. part 661, which provide that Federal funds may not be obligated unless all steel, iron, and manufactured products used in FTA funded projects are produced in the United States, unless a waiver has been granted by FTA or the product is subject to a general waiver. General waivers are listed in 49 C.F.R. § 661.7. Separate requirements for rolling stock are set out at 49 U.S.C. 5323(j)(2)(C) and 49 C.F.R. § 661.11.

A Proposer or offeror must submit to the FTA recipient the appropriate Buy America certification contained in this document with all bids or offers on FTA-funded contracts, except those subject to a general waiver. Bids or offers that are not accompanied by a completed Buy America certification must be rejected as nonresponsive. This requirement does not apply to lower tier sub Proposers.

On September 16, 2016, FTA’s Chief Counsel issued a policy letter to the industry clarifying the definition of “small purchases” for general public interest waivers from Buy America program requirements. The FAST Act set the small purchase waiver at $150,000 or less; that threshold will not increase with future adjustments made to the simplified acquisition threshold under the Federal Acquisition Regulation (FAR). Additionally, the small purchase waiver is now included in the Buy America statute at 49 USC 5323(j)(13) and applies to purchases, regardless of the size of the project.

FTA Issues Final Buy America Policy Guidance for Phased Increase of Domestic Content for Procurement of Transit Rolling Stock

On September 1, 2016, the Federal Transit Administration (FTA) issued final Buy America policy guidance advising transit agencies and transit vehicle manufacturers how to implement a phased increase in domestic content requirements for transit rolling stock procurements from 60 percent to more than 70 percent by fiscal year 2020. The phased increase is required by the Fixing America’s Surface Transportation (FAST) Act and is the first increase since 1991.

Under the FTA final policy guidance, the Buy America domestic content requirements for transit rolling stock procurements for railcars and buses will be based on the scheduled delivery date of the first production
vehicle. The domestic content minimum for fiscal years 2016 and 2017 is more than 60 percent; for fiscal years 2018 and 2019, it is more than 65 percent; and for fiscal year 2020 and beyond it is more than 70 percent. FTA is also providing a limited public interest waiver for solicitations and contracts that were underway when the FAST Act was enacted in 2015.

Buy America Overview
FTA’s Buy America requirements prevent FTA from obligating an amount that may be appropriated to carry out its program for a project unless “the steel, iron, and manufactured goods used in the project are produced in the United States.” 49 U.S.C. § 5323(j)(1). FTA’s Buy America requirements apply to third-party procurements by FTA grant recipients. A Grantee must include in its bid or request for proposal (RFP) specification for procurement of steel, iron or manufactured goods (including rolling stock) an appropriate notice of the Buy America provision and require, as a condition of responsiveness, that the bidder or offeror submit with the bid or offer a completed Buy America certificate in accordance with 49 CFR §§661.6 or 661.12.

Under limited circumstances, FTA may waive Buy America if FTA finds that: (1) application of Buy America is inconsistent with the public interest; (2) the steel, iron, and goods produced in the U.S. are not produced in a sufficient and reasonably available amount or are not of a satisfactory quality; or (3) including domestic material will increase the cost of the overall project by more than 25 percent for rolling stock. The process for seeking a waiver is set forth in 49 CFR part 661. Grantees are encouraged to apply for a waiver as soon as possible and to provide detailed requests in order to expedite FTA’s review of waiver requests. FTA’s determination on waiver requests will be published in the Federal Register for notice and comment.

When procuring rolling stock, which includes train control, communication, traction power equipment, and rolling stock prototypes, the cost of the components and subcomponents produced in the U.S. must be more than:

- more than 60 percent for FY2016 and FY2017
- more than 65 percent for FY2018 and FY2019
- more than 70 percent for FY2020 and beyond

Final assembly for rolling stock also must occur in the U.S. Additionally, rolling stock procurements are subject to the pre-award and post-delivery Buy America audit provisions set forth in 49 U.S.C. § 5323(m) and 49 CFR part 663.

The phased increase in domestic content was included in the FAST Act. Please consult the Buy America FAST Act Fact Sheet for more information.

Unlike rolling stock, manufactured goods must be 100 percent produced in the U.S. A manufactured good is considered produced in the United States if: (1) All of the manufacturing processes for the product take place in the United States; and (2) All of the components of the product are of U.S. origin. A component is considered of U.S. origin if it is manufactured in the United States, regardless of the origin of its subcomponents. 49 CFR 661.5(d). FTA has issued a number of guidance letters discussing manufactured goods. See Buy America Guidance Letters.

VIOLATION AND BREACH OF CONTRACT
All contracts in excess of $100,000 shall contain provisions or conditions which will allow for administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.
Rights and Remedies of the AGENCY
The District shall have the following rights in the event that the District deems the Contractor guilty of a breach of any term under the Contract.

1. The right to take over and complete the work or any part thereof as agency for and at the expense of the Contractor, either directly or through other contractors;
2. The right to cancel this Contract as to any or all of the work yet to be performed;
3. The right to specific performance, an injunction or any other appropriate equitable remedy; and
4. The right to money damages.

Rights and Remedies of Contractor
Inasmuch as the Contractor can be adequately compensated by money damages for any breach of this Contract, which may be committed by the District, the Contractor expressly agrees that no default, act or omission of the District shall constitute a material breach of this Contract, entitling Contractor to cancel or rescind the Contract (unless the District directs Contractor to do so) or to suspend or abandon performance.

Remedies
Substantial failure of the Contractor to complete the Project in accordance with the terms of this Agreement will be a default of this Agreement. In the event of a default, the District will have all remedies in law and equity, including the right to specific performance, without further assistance, and the rights to termination or suspension as provided herein. The Contractor recognizes that in the event of a breach of this Agreement by the Contractor before the District takes action contemplated herein, the District will provide the Contractor with sixty (60) days written notice that the District considers that such a breach has occurred and will provide the Contractor a reasonable period of time to respond and to take necessary corrective action.

Disputes
The District and the Contractor intend to resolve all disputes under this Agreement to the best of their abilities in an informal manner. To accomplish this end, the parties will use an Alternative Dispute Resolution process to resolve disputes in a manner designed to avoid litigation. In general, the parties contemplate that the Alternative Dispute Resolution process will include, at a minimum, an attempt to resolve disputes through communications between their staffs, and, if resolution is not reached at that level, a procedure for review and action on such disputes by appropriate management level officials within the District and the Contractor’s organization.

In the event that a resolution of the dispute is not mutually agreed upon, the parties can agree to mediate the dispute or proceed with litigation. Notwithstanding any provision of this section, or any other provision of this Contract, it is expressly agreed and understood that any court proceeding arising out of a dispute under the Contract shall be heard by a Court de novo and the court shall not be limited in such proceeding to the issue of whether the Authority acted in an arbitrary, capricious or grossly erroneous manner.

Pending final settlement of any dispute, the parties shall proceed diligently with the performance of the Contract, and in accordance with the District’s direction or decisions made thereof.

Performance during Dispute
Unless otherwise directed by the District, Contractor shall continue performance under this Contract while matters in dispute are being resolved.
Claims for Damages
Should either party to the Contract suffer injury or damage to person or property because of any act or omission of the party or of any of its employees, agents or others for whose acts it is legally liable, a claim for damages therefore shall be made in writing to such other party within a reasonable time after the first observance of such injury or damage.

Remedies
Unless this Contract provides otherwise, all claims, counterclaims, disputes and other matters in question between the District and the Contractor arising out of or relating to this agreement or its breach will be decided by arbitration if the parties mutually agree, or in a court of competent jurisdiction within the State in which the District is located.

Rights and Remedies
The duties and obligations imposed by the Contract documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law. No action or failure to act by the District or Contractor shall constitute a waiver of any right or duty afforded any of them under the Contract, nor shall any such action or failure to act constitute an approval of or acquiescence in any breach thereunder, except as may be specifically agreed in writing.

LOBBY RESTRICTIONS
The lobbying requirements apply to all contracts and subcontracts of $100,000 or more at any tier under a Federal grant. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this agreement, the payor must complete and submit the Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions and complete the required form submittal contained in this document.

CLEAN AIR ACT AND FEDERAL WATER POLLUTION CONTROL ACT
The Clean Air and Clean Water Act requirements apply to each contract and subcontract exceeding $150,000. Each contract and subcontract must contain a provision that requires the District to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401–7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251–1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

The Contractor agrees:

1) It will not use any violating facilities;
2) It will report the use of facilities placed on or likely to be placed on the U.S. EPA “List of Violating Facilities;”
3) It will report violations of use of prohibited facilities to FTA; and
4) It will comply with the inspection and other requirements of the Clean Air Act, as amended, (42 U.S.C. §§ 7401 – 7671q); and the Federal Water Pollution Control Act as amended, (33 U.S.C. §§ 1251-1387).
CARGO PREFERENCE - USE OF UNITED STATES-FLAG VESSELS
The contractor agrees:

a to use privately owned United States-Flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to the underlying contract to the extent such vessels are available at fair and reasonable rates for United States-Flag commercial vessels;

b to furnish within 20 working days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in the preceding paragraph to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590 and to the FTA recipient (through the contractor in the case of a subcontractor's bill-of-lading); and

c to include these requirements in all subcontracts issued pursuant to this contract when the subcontract may involve the transport of equipment, material, or commodities by ocean vessel.

FLY AMERICA REQUIREMENTS
The Fly America requirements apply to the transportation of persons or property, by air, between a place in the U.S. and a place outside the U.S., or between places outside the U.S., when the FTA will participate in the costs of such air transportation. Transportation on a foreign air carrier is permissible when provided by a foreign air carrier under a code share agreement when the ticket identifies the U.S. air carrier’s designator code and flight number. Transportation by a foreign air carrier is also permissible if there is a bilateral or multilateral air transportation agreement to which the U.S. Government and a foreign government are parties and which the U.S. DOT has determined meets the requirements of the Fly America Act.

DISADVANTAGED BUSINESS ENTERPRISE (DBE)
The Disadvantaged Business Enterprise (DBE) program applies to FTA recipients receiving planning, capital and/or operating assistance that will award prime contracts (excluding transit vehicle purchases) exceeding $250,000 in FTA funds in a Federal fiscal year. All FTA recipients above this threshold must submit a DBE program and overall triennial goal for DBE participation. The overall goal reflects the anticipated amount of DBE participation on DOT-assisted contracts. As part of its DBE program, FTA recipients must require that each transit vehicle manufacturer (TVM), as a condition of being authorized to bid or propose on FTA assisted transit vehicle procurements, certify that it has complied with the requirements of 49 C.F.R. § 26.49. Only those transit vehicle manufacturers listed on FTA's certified list of Transit Vehicle Manufacturers, or that have submitted a goal methodology to FTA that has been approved or has not been disapproved at the time of solicitation, are eligible to bid.

FTA recipients must meet the maximum feasible portion of their overall goal using race-neutral methods. Where appropriate, however, recipients are responsible for establishing DBE contract goals on individual DOT-assisted contracts. FTA recipients may use contract goals only on those DOT-assisted contracts that have subcontracting responsibilities. See 49 C.F.R. § 26.51(e). Furthermore, while FTA recipients are not required to set a contract goal on every DOT-assisted contract, they are responsible for achieving their overall program goals by administering their DBE program in good faith.

FTA recipients and third party contractors can obtain information about the DBE program at the following
Flow Down
The DBE contracting requirements flow down to all third party contractors and their contracts at every tier. It is the recipient’s and prime contractor’s responsibility to ensure the DBE requirements are applied across the board to all subrecipients/contractors/subcontractors. Should a subcontractor fail to comply with the DBE regulations, FTA would look to the recipient to make sure it intervenes to monitor compliance. The onus for compliance is on the recipient.

Clause Language
For all DOT-assisted contracts, each FTA recipient must include assurances that third party contractors will comply with the DBE program requirements of 49 C.F.R. part 26, when applicable. The following contract clause is required in all DOT-assisted prime and subcontracts:

The contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this contract. The contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the recipient deems appropriate, which may include, but is not limited to:

(1) Withholding monthly progress payments;
(2) Assessing sanctions;
(3) Liquidated damages; and/or
(4) Disqualifying the contractor from future bidding as non-responsible. 49 C.F.R. § 26.13(b).

Further, recipients must establish a contract clause to require prime contractors to pay subcontractors for satisfactory performance of their contracts no later than 30 days from receipt of each payment the recipient makes to the prime contractor. 49 C.F.R. § 26.29(a). Finally, for contracts with defined DBE contract goals, each FTA recipient must include in each prime contract a provision stating that the contractor shall utilize the specific DBEs listed unless the contractor obtains the recipient’s written consent; and that, unless the recipient’s consent is provided, the contractor shall not be entitled to any payment for work or material unless it is performed or supplied by the listed DBE. 49 C.F.R. § 26.53(f) (1).

RECYCLED PRODUCTS
The Contractor agrees to provide a preference for those products and services that conserve natural resources, protect the environment, and are energy efficient by complying with and facilitating compliance with Section 6002 of the Resource Conservation and Recovery Act, as amended, 42 U.S.C. § 6962, and U.S. Environmental Protection Agency (U.S. EPA), “Comprehensive Procurement Guideline for Products Containing Recovered Materials,” 40 C.F.R. part 247.

ADA ACCESS - ACCESS FOR INDIVIDUALS WITH DISABILITIES
The Recipient agrees to comply with 49 U.S.C. § 5301(d), which states the Federal policy that elderly individuals and individuals with disabilities have the same right as other individuals to use public transportation services and facilities, and that special efforts shall be made in planning and designing those services and facilities to implement transportation accessibility rights for elderly individuals and individuals with disabilities. The Recipient also agrees
to comply with all applicable provisions of section 504 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794, which prohibits discrimination on the basis of disability in the administration of programs or activities receiving Federal financial assistance; with the Americans with Disabilities Act of 1990 (ADA), as amended, 42 U.S.C. §§ 12101 et seq., which requires that accessible facilities and services be made available to individuals with disabilities; with the Architectural Barriers Act of 1968, as amended, 42 U.S.C. §§ 4151 et seq., which requires that buildings and public accommodations be accessible to individuals with disabilities; and with other laws and amendments thereto pertaining to access for individuals with disabilities that may be applicable. In addition, the Recipient agrees to comply with applicable implementing Federal regulations, and any later amendments thereto, and agrees to follow applicable Federal implementing directives, except to the extent FTA approves otherwise in writing. **Accessibility.** Rolling stock must comply with the accessibility requirements of DOT regulations, “Transportation Services for Individuals with Disabilities (ADA),” 49 C.F.R. part 37, and Joint Access Board/DOT regulations, “Americans with Disabilities (ADA) Accessibility Specifications for Transportation Vehicles,” 36 C.F.R. part 1192 and 49 C.F.R. part 38

**SAFE OPERATION OF MOTOR VEHICLES**
The Safe Operation of Motor Vehicles requirements apply to all federally funded third party contracts. In compliance with Federal Executive Order No. 13043, “Increasing Seat Belt Use in the United States,” April 16, 1997, 23 U.S.C. Section 402 note, FTA encourages each third party contractor to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company owned, rented, or personally operated vehicles, and to include this provision in each third party subcontract involving the project. Additionally, recipients are required by FTA to include a Distracted Driving clause that addresses distracted driving, including text messaging in each of its third party agreements supported with Federal assistance. The Safe Operation of Motor Vehicles requirements flow down to all third party contractors at every tier.

**Seat Belt Use**
The Contractor is encouraged to adopt and promote on-the-job seat belt use policies and programs for its employees and other personnel that operate company-owned vehicles, company-rented vehicles, or personally operated vehicles. The terms “company-owned” and “company-leased” refer to vehicles owned or leased either by the Contractor or AGENCY.

**Distracted Driving**
The Contractor agrees to adopt and enforce workplace safety policies to decrease crashes caused by distracted drivers, including policies to ban text messaging while using an electronic device supplied by an employer, and driving a vehicle the driver owns or rents, a vehicle Contractor owns, leases, or rents, or a privately-owned vehicle when on official business in connection with the work performed under this agreement.

**PROTECTION OF SENSITIVE SECURITY AND OTHER SENSITIVE INFORMATION**
The Contractor agrees to comply with the following requirements for the protection of sensitive security information.

Information,” 49 C.F.R. part 1520, and

The Contractor is required to implement, reasonable measures to safeguard protected personally identifiable information as well as any information that the FTA or pass-through entity designates as sensitive.

**METRIC MEASUREMENTS**

**USE OF $1 COINS**

To comply with Section 104 of the Presidential $1 Coin Act of 2005, 31 U.S.C. Section 5312(p), FTA assisted property that requires the use of coins or currency in public transportation service or supporting service must be fully capable of accepting and dispensing $1 coins.

**CONFORMANCE WITH ITS NATIONAL ARCHITECTURE**

**ELECTRONIC AND INFORMATION TECHNOLOGY**

The Recipient agrees that reports or information it provides to or on behalf of the Federal Government will use electronic or information technology that complies with the accessibility requirements of Section 508 of the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 794d, and U.S. ATBCB regulations, “Electronic and Information Technology Accessibility Standards,” 36 C.F.R. part 1194.

SUBJECT: Code of Ethics Policy       June 1, 2007

The purpose of this policy is to establish and maintain high standards of honesty, integrity, and quality of performance for all employees of the Department of Transportation ("DOT" or "Department"). Individuals in government service have positions of significant trust and responsibility that require them to adhere to the highest ethical standards. Standards that might be acceptable in other public or private organizations are not necessarily acceptable for the DOT.

It is expected that all DOT employees will comply with this policy as well as the Code of Ethics for Public Officials, and strive to avoid even the appearance of impropriety in their relationships with members of the public, other agencies, private vendors, consultants, and contractors. This policy is, as is permitted by law, in some cases stricter than the Code of Ethics for Public Officials. Where that is true, employees are required to comply with the more stringent DOT policy.

The Code of Ethics for Public Officials is State law and governs the conduct of all State employees and public officials regardless of the agency in which they serve. The entire Code, as well as a summary of its provisions, may be found at the Office of State Ethics’ web site: www.ct.gov/ethics/site/default.asp. For formal and informal interpretations of the Code of Ethics, DOT employees should contact the Office of State Ethics or the DOT’s Ethics Compliance Officer or her designee.

All State agencies are required by law to have an ethics policy statement. Additionally, all State agencies are required by law to have an Ethics Liaison or Ethics Compliance Officer. The DOT, because of the size and scope of its procurement activities, has an Ethics Compliance Officer who is responsible for the Department’s: development of ethics policies; coordination of ethics training programs; and monitoring of programs for agency compliance with its ethics policies and the Code of Ethics for Public Officials. At least annually, the Ethics Compliance Officer shall provide ethics training to agency personnel involved in contractor selection, evaluation, and supervision. A DOT employee who has a question or is unsure about the provisions of this policy, or who would like assistance contacting the Office of State Ethics, should contact the Ethics Compliance Officer or her designee.

The DOT Ethics Compliance Officer is:
Denise Rodosevich, Managing Attorney
Office of Legal Services

For questions, contact the Ethics Compliance Officer’s Designee:

Enforcement

The Department expects that all employees will comply with all laws and policies regarding ethical conduct. Violations of the law may subject an employee to sanctions from agencies or authorities outside the DOT. Whether or not another agency or authority imposes such sanctions, the Department retains the independent right to review and respond to any ethics violation or alleged ethics violation by its employees. Violations of this policy or ethics statutes, as construed by the DOT, may result in disciplinary action up to and including dismissal from State service.

Prohibited Activities

1. **Gifts:** DOT employees (and in some cases their family members) are prohibited by the Code of Ethics and this Policy from accepting a gift from anyone who is: (1) doing business with, or seeking to do business with, the DOT; (2) directly regulated by the DOT; (3) prequalified as a contractor pursuant to Conn. Gen. Stat. §4a-100 by the Commissioner of the Department of Administrative Services (DAS); or (4) known to be a registered lobbyist or a lobbyist’s representative. These four categories of people/entities are referred to as “restricted donors.” A list of registered lobbyists can be found on the web site of the Office of State Ethics ([www.ct.gov/ethics/site/default.asp](http://www.ct.gov/ethics/site/default.asp)). A list of prequalified consultants and contractors, i.e., those seeking to do business with the DOT, can be found on the DOT’s Internet site under “Consultant Information” and “Doing Business with ConnDOT,” respectively.

   The term “gift” is defined in the Code of Ethics for Public Officials, Conn. Gen. Stat. §1-79(e), and has numerous exceptions. For example, one exception permits the acceptance of food and/or beverages valued up to $50 per calendar year from any one donor and consumed on an occasion or occasions while the person paying or his representative is present. Therefore, such food and/or beverage is not a “gift.” Another exception permits the acceptance of items having a value up to ten dollars ($10) provided the aggregate value of all things provided by the donor to the recipient during a calendar year does not exceed fifty dollars ($50). Therefore, such items are not a “gift.” Depending on the circumstances, the “donor” may be an individual if the individual is bearing the expense, or a donor may be the individual’s employer/group if the individual is passing the expense back to the employer/group he/she represents.

   This policy requires DOT employees to immediately return any gift (as defined in the Code of Ethics) that any person or entity attempts to give to the employee(s). If any such gift or other item of value is received by other than personal delivery from the subject person or entity, the item shall be taken to the Office of Human Resources along with the name and address of the person or entity who gave the item. The Office of Human Resources, along with the recipient of the item of value, will arrange for the donation of the item to a local charity (e.g., Foodshare, local soup kitchens, etc.). The Office of Human Resources will then send a letter to the gift’s donor advising the person of the item’s donation to charity and requesting that no such gifts be given to DOT employees in the future.

2. **Contracting for Goods or Services for Personal Use With Department Contractors, Consultants, or Vendors:** Executive Order 7C provides that: “Appointed officials and state employees in the Executive Branch are prohibited from contracting for goods and services, for personal use, with any person doing business with or seeking business with his or her agency, unless the goods or services are readily available to the general public for the price which the official or state employee paid or would pay.”
3. **Gift Exchanges Between Subordinates and Supervisors/Senior Staff:** A recent change in the Code of Ethics prohibits exchanges of gifts valued at $100 or more between (i.e., to and from) supervisors and employees under their supervision. The Citizen’s Ethics Advisory Board has advised that: (1) the monetary limit imposed by this provision is a per-gift amount; (2) gifts given between supervisors and subordinates (or *vice versa*) in celebration of a “major life event,” as defined in the Code of Ethics, need not comply with the $100 limit; and (3) the limitations imposed by this provision apply to a direct supervisor and subordinate *and to any individual up or down the chain of command*. The Citizen’s Ethics Advisory Board has also advised that supervisors or subordinates may not pool their money to give a collective or group gift valued at $100 or more, even though each of the individual contributions is less than $100.

4. **Acceptance of Gifts to the State:** A recent change to the Code of Ethics for Public Officials modified the definition of the term “gift” to limit the application of the so-called “gift to the State” exception. In general, “gifts to the State” are goods or services given to a State agency for use on State property or to support an event and which facilitate State action or functions. Before accepting any benefit as a “gift to the State,” DOT employees should contact the Ethics Compliance Officer.

5. **Charitable Organizations and Events:** No DOT employee shall knowingly accept any gift, discount, or other item of monetary value for the benefit of a charitable organization from any person or entity seeking official action from, doing or seeking business with, or conducting activities regulated by, the Department.

6. **Use of Office/Position for Financial Gain:** DOT employees shall not use their public office, position, or influence from holding their State office/position, nor any information gained in the course of their State duties, for private financial gain (or the prevention of financial loss) for themselves, any family member, any member of their household, nor any “business with which they are associated.” In general, a business with which one is associated includes any entity of which a DOT employee or his/her immediate family member is a director, owner, limited or general partner, beneficiary of a trust, holder of 5 percent or more stock, or an officer (president, treasurer, or executive or senior vice president).

   DOT employees shall not use or distribute State information (except as permitted by the Freedom of Information Act), nor use State time, personnel, equipment, or materials, for other than State business purposes.

7. **Other Employment:** DOT employees shall not engage in, nor accept, other employment that will either impair their independence of judgment with regard to their State duties or require or induce them to disclose confidential information gained through their State duties.

   Any DOT employee who engages in or accepts other employment (including as an independent contractor), or has direct ownership in an outside business or sole proprietorship, shall complete an Employment/Outside Business Disclosure Form (see attached) and submit it to the Department’s Human Resources Administrator. Disclosure of other employment to the DOT Human Resources Administrator shall *not* constitute approval of the other employment for purposes of the Code of Ethics for Public Officials.

   Inquiries concerning the propriety of a DOT employee’s other employment shall be directed to the Office of State Ethics to assure compliance with the Code of Ethics for Public Officials. Employees anticipating accepting other employment as described above should give ample time (at least one month) to the Office of State Ethics to respond to such outside employment inquiries.
No employee of the DOT shall allow any private obligation of employment or enterprise to take precedence over his/her responsibility to the Department.

8. **Outside Business Interests:** Any DOT employee who holds, directly or indirectly, a financial interest in any business, firm, or enterprise shall complete an Employment/Outside Business Disclosure Form (see attached) and submit it to the Department’s Human Resources Administrator. An indirect financial interest includes situations where a DOT employee’s spouse has a financial interest in a business, firm, or enterprise. A financial interest means that the employee or his spouse is an owner, member, partner, or shareholder in a non-publicly traded entity. Disclosure of such outside business interests to the DOT Human Resources Administrator shall not constitute approval of the outside business interest under this Policy or the Code of Ethics for Public Officials. DOT employees shall not have a financial interest in any business, firm, or enterprise which will either impair their independence of judgment with regard to their State duties or require or induce them to disclose confidential information gained through their State duties. Inquiries concerning the propriety of a DOT employee’s outside business interests shall be directed to the Office of State Ethics to assure compliance with the Code of Ethics for Public Officials.

9. **Contracts With the State:** DOT employees, their immediate family members, and/or a business with which a DOT employee is associated, may not enter into a contract with the State, other than pursuant to a court appointment, valued at $100 or more unless the contract has been awarded through an open and public process.

10. **Sanctioning Another Person’s Ethics Violation:** No DOT official or employee shall counsel, authorize, or otherwise sanction action that violates any provision of the Code of Ethics.

11. **Certain Persons Have an Obligation to Report Ethics Violations:** If the DOT Commissioner, Deputy Commissioner, or “person in charge of State agency procurement” and contracting has reasonable cause to believe that a person has violated the Code of Ethics or any law or regulation concerning ethics in State contracting, he/she must report such belief to the Office of State Ethics. All DOT employees are encouraged to disclose waste, fraud, abuse, and corruption about which they become aware to the appropriate authority (see also Policy Statement EX.O.-23 dated March 31, 2004), including, but not limited to, their immediate supervisor or a superior of their immediate supervisor, the DOT Office of Management Services, the Ethics Compliance Officer, the Auditors of Public Accounts, the Office of the Attorney General, or the Office of the Chief State’s Attorney.

12. **Post-State Employment Restrictions:** In addition to the above-stated policies of the Department, DOT employees are advised that the Code of Ethics for Public Officials bars certain conduct by State employees *after they leave State service*. **Upon leaving State service:**

   - **Confidential Information:** DOT employees must never disclose or use confidential information gained in State service for the financial benefit of any person.

   - **Prohibited Representation:** DOT employees must never represent anyone (other than the State) concerning any “particular matter” in which they participated personally and
substantially while in State service and in which the State has a substantial interest.

DOT employees also must not, for one year after leaving State service, represent anyone other than the State for compensation before the DOT concerning a matter in which the State has a substantial interest. In this context, the term “represent” has been very broadly defined. Therefore, any former DOT employee contemplating post-State employment work that might involve interaction with any bureau of DOT (or any Board or Commission administratively under the DOT) within their first year after leaving State employment should contact the DOT Ethics Compliance Officer and/or the Office of State Ethics.

- **Employment With State Vendors**: DOT employees who participated substantially in, or supervised, the negotiation or award of a State contract valued at $50,000 or more must not accept employment with a party to the contract (other than the State) for a period of one year after resigning from State service, if the resignation occurs within one year after the contract was signed.

13. **Ethical Considerations Concerning Bidding and State Contracts**: DOT employees also should be aware of various provisions of Part IV of the Code of Ethics that affect any person or firm who: (1) is, or is seeking to be, prequalified by DAS under Conn. Gen. Stat. §4a-100; (2) is a party to a large State construction or procurement contract, or seeking to enter into such a contract, with a State agency; or (3) is a party to a consultant services contract, or seeking to enter into such a contract, with a State agency. These persons or firms shall not:

- With the intent to obtain a competitive advantage over other bidders, solicit any information from an employee or official that the contractor knows is not and will not be available to other bidders for a large State construction or procurement contract that the contractor is seeking;

- Intentionally, willfully, or with reckless disregard for the truth, charge a State agency for work not performed or goods not provided, including submitting meritless change orders in bad faith with the sole intention of increasing the contract price, as well as falsifying invoices or bills or charging unreasonable and unsubstantiated rates for services or goods to a State agency; and

- Intentionally or willfully violate or attempt to circumvent State competitive bidding and ethics laws.

Firms or persons that violate the above provisions may be deemed a nonresponsible bidder by the DOT.

In addition, no person with whom a State agency has contracted to provide consulting services to plan specifications for any contract, and no business with which such person is associated, may serve as a consultant to any person seeking to obtain such contract, serve as a contractor for such contract, or serve as a subcontractor or consultant to the person awarded such contract.

DOT employees who believe that a contractor or consultant may be in violation of any
of these provisions should bring it to the attention of their manager.

**Training for DOT Employees**

A copy of this policy will be posted throughout the Department, and provided to each employee either in hard copy or by e-mail. As set forth above, State law requires that certain employees involved in contractor/consultant/vendor selection, evaluation, or supervision must undergo annual ethics training coordinated or provided by the Ethics Compliance Officer. If you believe your duties meet these criteria, you should notify your Bureau Chief to facilitate compilation of a training schedule. In addition, the DOT Ethics Compliance Officer can arrange for periodic ethics training provided by the Office of State Ethics. Finally, the Department will make available, on its web site or otherwise, a copy of this policy to all vendors, contractors, and other business entities doing business with the Department.

**Important Ethics Reference Materials**

It is strongly recommended that every DOT employee read and review the following:

- Ethics Regulations Sections 1-81-14 through 1-81-38, found at: [www.ct.gov/ethics/site/default.asp](http://www.ct.gov/ethics/site/default.asp)

- The Office of State Ethics web site includes summaries and the full text of formal ethics advisory opinions interpreting the Code of Ethics, as well as summaries of previous enforcement actions: [www.ct.gov/ethics/site/default.asp](http://www.ct.gov/ethics/site/default.asp). DOT employees are strongly encouraged to contact the Department’s Ethics Compliance Officer or her designee, or the Office of State Ethics with any questions or concerns they may have.

(This Policy Statement supersedes Policy Statement No. F&A-10 dated January 6, 2006)
1. **General:**
   a. Equal employment opportunity requirements not to discriminate and to take affirmative action to assure equal employment opportunity as required by Executive Order 11246, Executive Order 11375 are set forth in Required Contract Provisions (Form PR-1273 or 1316, as appropriate) and these Special Provisions which are imposed pursuant to Section 140 of Title 23 U.S.C., as established by Section 22 of the Federal-Aid Highway Act of 1968. The requirements set forth in these Special Provisions shall constitute the specific affirmative action requirements for project activities under this contract and supplement the equal employment opportunity requirements set forth in the Required Contract Provisions.
   b. “Company” refers to any entity doing business with the Connecticut Department of Transportation and includes but is not limited to the following: Contractors and Subcontractors Consultants and Subconsultants Suppliers of Materials and Vendors (where applicable) Municipalities (where applicable) Utilities (where applicable)
   c. The Company will work with the Connecticut Department of Transportation (ConnDOT) and the Federal Government in carrying out equal employment opportunity obligations and in their review of his/her activities under the contract.
   d. The Company and all his/her subcontractors or subconsultants holding subcontracts not including material suppliers, of $10,000 or more, will comply with the following minimum specific requirement activities of equal employment opportunity: (The equal employment opportunity requirements of Executive Order 11246, as set forth in volume 6, Chapter 4, Section 1, subsection 1 of the Federal-Aid Highway Program Manual, are applicable to material suppliers as well as contractors and subcontractors.) The company will include these requirements in every subcontract of $10,000 or more with such modification of language as necessary to make them binding on the subcontractor or subconsultant.

2. **Equal Employment Opportunity Policy:**
   The Company will develop, accept and adopt as its operating policy an Affirmative Action Plan utilizing the ConnDOT Affirmative Action Plan Guideline. This Plan shall be designed to further the provision of equal employment opportunity to all persons without regard to their race, color, religion, sex or national origin, and to promote the full realization of equal employment opportunity through a positive continuation program.

3. **Equal Employment Opportunity Officer:**
   The Company will designate and make known to ConnDOT contracting officers an Equal Employment Opportunity Officer (hereinafter referred to as the EEO Officer) who will have the responsibility for and must be capable of effectively administering and promoting an active equal employment opportunity program and who must be assigned adequate authority and responsibility to do so.

4. **Dissemination of Policy:**
   a. All members of the Company’s staff who are authorized to hire, supervise, promote and discharge employees, or who recommend such action, or who are substantially involved in such action, will be made fully cognizant of, and will implement, the Company’s equal employment opportunity policy and contractual responsibilities to provide equal employment opportunity in each grade and classification of employment. To ensure that the above agreement will be met, the following actions will be taken as a minimum:
      (1) Periodic meetings of supervisory and personnel office employees will be conducted before the start
of work and then not less often than once every six months, at which time the Company’s equal employment opportunity policy and its implementation will be reviewed and explained. The meeting will be conducted by the EEO Officer or other knowledgeable company official.

(2) All new supervisor or personnel office employees will be given a thorough indoctrination by the EEO Officer or other knowledgeable company official, covering all major aspects of the Company’s equal employment opportunity obligations within thirty days following their reporting for duty with the Company.

(3) All personnel who are engaged in direct recruitment for the project will be instructed by the EEO Officer or appropriate company official in the Company’s procedures for locating and hiring minority group employees.

b. In order to make the Company’s equal employment opportunity policy known to all employees, prospective employees and potential sources of employees, i.e., schools, employment agencies, labor unions (where appropriate), college placement officers, etc., the Company will place their equal employment opportunity policy in areas readily accessible to employees, applicants for employment and potential employees. The Company will bring the equal opportunity policy to the attention of employees through meetings, employee handbooks, or other appropriate means.

5. Recruitment:
   a. When advertising for employees, the Company will include in all advertisements the notation: “An Equal Opportunity Employer”. All such advertisements will be published in newspapers or other publications having a large circulation among minority groups in the area from which the project workforce would normally be derived. The Company shall comply with this provision and the recruitment requirements outlined in their ConnDOT approved Affirmative Action Plan.
   b. The Company will, unless precluded by a valid bargaining agreement, conduct systematic and direct recruitment through public and private employee referral sources likely to yield qualified minority group applicants, including, but not limited to, State employment agencies, schools, colleges and minority group organizations. To meet this requirement, the Company will, through his/her EEO Officer, identify sources of potential minority group employees, and establish with such identified sources, procedures whereby minority group employees, and applicants may be referred to the Company for employment consideration.
   In the event that the Company has a valid bargaining agreement providing for exclusive hiring hall referrals, he/she is expected to observe the provisions of that agreement to the extent that the system permits the Company’s compliance with equal employment opportunity contract provisions. (The U.S. Department of Labor has held that where implementation of such agreements have the effect of discriminating against minorities or women, or obligates the Company to do the same, such implementation violates Executive Order 11246, as amended.)
   c. The Company will encourage his/her present employees to refer minority group applicants for employment by posting appropriate notices or bulletins in areas accessible to all such employees. In addition, information and procedures with regard to referring minority group applicants will be discussed with employees.

6. Personnel Actions:
   Wages, working conditions, and employee benefits shall be established and administered, and personnel actions of every type, including hiring, upgrading, promotion, transfer, demotion, layoffs, and termination, shall be taken without regard to race, color, religion, sex, or national origin, etc. The company’s personnel actions shall comply with this provision and the requirements outlined in their ConnDOT approved Affirmative Action Plan.
   a. The Company will conduct periodic inspections of project sites to insure that working conditions and employee facilities do not indicate discriminatory treatment of project site personnel.
b. The Company will periodically evaluate the spread of wages paid within each classification to determine any evidence of discriminatory wage practices.

c. The Company will periodically review selected personnel actions in depth to determine whether there is evidence of discrimination. Where evidence is found, the Company will promptly take corrective action. If the review indicates that the discrimination may extend beyond the actions reviewed, such corrective action shall include all affected persons.

d. The general contract provision entitled A(76) Affirmative Action Requirements is made part of this document by reference.

7. Training and Promotion:

a. The Company will assist in locating, qualifying, and increasing the skills of minority group and women employees, and applicants for employment.

b. Consistent with the Company’s work force requirements and as permissible under Federal and State regulations, the Company shall make full use of training programs, i.e., apprenticeship, and on-the-job training programs for the geographical area of contract performance. Where feasible, 25 percent of apprentices or trainees in each occupation shall be in their first year of apprenticeship or training. In the event the Training Special Provision is provided under this contract, this subparagraph will be superseded.

c. The Company will advise employees and applicants for employment of available training programs and the entrance requirements for each.

d. The Company will periodically review the training and promotion potential of minority group and women employees and will encourage eligible employees to apply for such training and promotion.

8. Unions:

If the Company relies in whole or in part upon unions as a source of employees, the Company will use his/her best efforts to obtain the cooperation of such unions to increase opportunities for minority groups and women within the unions, and to effect referrals by such unions of minority and female employees. Actions by the Company either directly or through a contractor’s association acting as agent will include the procedures set forth below:

a. The Company will use best efforts to develop, in cooperation with the unions, joint training programs aimed toward qualifying more minority group members and women for membership in the unions and increasing the skills of minority group employees and women so that they may qualify for higher paying employment.

b. The Company will use best efforts to incorporate an Equal Opportunity clause into each union agreement to the extent that such union will be contractually bound to refer applicants without regard to their race, color, religion, sex or national origin.

c. The Company is to obtain information as to the referral practices and policies of the labor union except to the extent that such information is within the exclusive possession of the labor union and such labor union refuses to furnish such information to the Company, the Company shall so certify to the Connecticut Department of Transportation (ConnDOT) and shall set forth what efforts have been made to obtain such information.

d. In the event the union is unable to provide the Company with a reasonable flow of minority and women referrals within the time limit set forth in the collective bargaining agreement, the Company will, through independent recruitment efforts, fill the employment vacancies without regard to race, color, religion, sex, national origin; making full efforts to obtain qualified and/or qualifiable minority group persons and women. (The United States Department of Labor has held that it shall be no excuse that the union with which the contractor has a collective bargaining agreement providing for exclusive referral failed to refer minority employees.) In the event the union referral practice prevents the Company from meeting the obligations under Executive Order 11246 as amended, and these special
provisions, such Company shall immediately notify ConnDOT.

9. **Subcontracting:**
   a. The Company will use his/her best efforts to solicit bids from and to utilize minority group subcontractors, or subcontractors with meaningful minority group and female representation among their employees. Companies shall obtain lists of minority-owned construction firms from the Division of Contract compliance.
   b. The Company will use its best efforts to ensure subcontractor compliance with their equal employment opportunity obligations.

10. **Records and Reports:**
    a. The Company will keep such records as are necessary to determine compliance with equal employment opportunity obligations. The records kept by the Company will be designed to indicate:
       (1) The number of minority and non-minority group members and women employed in each classification on the project;
       (2) The progress and efforts being made in cooperation with unions to increase employment opportunities for minorities and women; (applicable only to contractors who rely in whole or in part on unions as a source of their work force),
       (3) The progress and efforts being made in locating, hiring, training, qualifying, and upgrading minority and female employees; and
       (4) The progress and efforts being made in securing the services of minority group subcontractors, or subcontractors with meaningful minority and female representation among their employees.
    b. All such records must be retained for a period of three years following completion of the contract work and shall be available at reasonable times and places for inspection by authorized representatives of ConnDOT and the Federal Highway Administration.
    c. The Company will submit an annual report to ConnDOT each July for the duration of the project, indicating the number of minority, women, and non-minority group employees currently engaged in each work classification required by the contract work. This information is to be reported on Form PR 1391. If on-the-job training is being required by “Training Special Provision”, the Company will be required to furnish Form FHWA 1409.

11. **Affirmative Action Plan**
    Companies with contracts, agreements or purchase orders valued at $10,000 or more will submit a ConnDOT Affirmative Action Plan.

c  Biased Ground Rules. During the conduct of an earlier procurement, the contractor has established the ground rules for a future procurement by developing specifications, evaluation factors, or similar documents.

Use of Public Facilities

Personal use of Company facilities, vehicles, equipment, supplies, and services is strictly prohibited. Company facilities, equipment, supplies, and services shall be used only for proper business purposes. An exception is made for personal copying of an incidental nature where it is impractical to make personal copies outside the office. In such instances, you must reimburse the Company the established rate for each copy. Payment should be made to the Director of Finance. Employees are expected to perform personal copying on their own time. Employees who abuse this privilege by making an excessive number of personal copies, failing to reimburse the Company as required, and/or leaving copier equipment in unserviceable condition will be subject to disciplinary action.

In addition, employees should not use Company telephones for personal toll calls (whether in-state or out-of-state). It is understood that on occasion, exceptions to this policy may be necessary -- for example, an employee needing to inform family members he or she will be working late. The State of Connecticut Department of Transportation requires that this certification be included in each subcontract Agreement to which it is a party, and further, to require said certification to be included in any lower tier subcontracts and purchase orders as a direct result of this project.

Suspended or debarred Contractors, consulting engineers, suppliers, materialmen, lessors or other vendors may not submit proposals for a State contract or subcontract during the period of suspension or debarment regardless of their anticipated status at the time of contract award or commencement of work. The Norwalk Transit District as a part of its obligation to determine if a Vendor meets the responsibility criteria for federal and state contract award, will check prior to award both the State of Connecticut Debarment List and the System for Award Management (SAM). SAM is the Official U.S. Government system that consolidated the capabilities of CCR/FedReg, ORCA, and EPLS. There is NO fee to register for this site. Entities may register at [https://www.sam.gov/portal/SAM/##11](https://www.sam.gov/portal/SAM/##11). User guides and webinars are available under the Help tab.

The signature on the Agreement by the Second Party shall constitute certification that to the best of its knowledge and belief the Second Party or any person associated therewith in the capacity of owner, partner, director, officer, principal investigator, project director, manager, auditor or any position involving the administration of State and Federal funds.

(1) Is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any State department or agency; and

(3) Is not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (a)(2) of this certification; and

(4) Has not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

b. Where the prospective participant is unable to certify to any of the statements in this certification, the Second Party shall attach an explanation to this agreement.

The Second Party agrees to insure that the following certification be included in each subcontract Agreement to which it is a party, and further, to require said certification to be included in any subcontracts, subcontracts and purchase orders resulting directly from this contract.

(1) The prospective subcontractors, sub-subcontractors participants certifies, by submission of it/their proposal, that neither it nor its principals is presently debarred, suspended, proposed for
debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal or State department or agency; and

For this document Contractor means Consultant, Consulting Engineer, Second Party, or other entity doing business with the District and Contract shall mean the same as Agreement.

During the performance of this Contract, the contractor, for itself, its assignees and successors in interest (hereinafter referred to as the “Contractor”) agrees as follows:

**Compliance with Regulations:** The Contractor shall comply with the regulations relative to nondiscrimination in federally assisted programs of the United States Department of Transportation (hereinafter, “USDOT”), Title 49, Code of Federal Regulations, Part 21, as they may be amended from time to time (hereinafter referred to as the “Regulations”), which are herein incorporated by reference and made a part of this contract.

**Nondiscrimination:** The Contractor, with regard to the work performed by it during the Contract, shall not discriminate on the grounds of race, color, national origin, sex, age, or disability in the selection and retention of subcontractors, including procurements of materials and leases of equipment. The Contractor shall not participate either directly or indirectly in the discrimination prohibited by Subsection 5 of the Regulations, including employment practices when the Contract covers a program set forth in Appendix B of the Regulations.

**Solicitations for Subcontracts, Including Procurements of Materials and Equipment:** In all solicitations either by competitive bidding or negotiation made by the Contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the Contractor of the Contractor’s obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, national origin, sex, age, or disability.

**Information and Reports:** The Contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Connecticut Department of Transportation (ConnDOT) or the Funding Agency (FHWA, FTA and FAA) to be pertinent to ascertain compliance with such Regulations, orders, and instructions. Where any information required of a Contractor is in the exclusive possession of another who fails or refuses to furnish this information, the Contractor shall so certify to ConnDOT or the Funding Agency, as appropriate, and shall set forth what efforts it has made to obtain the information.

**Sanctions for Noncompliance:** In the event of the Contractor’s noncompliance with the nondiscrimination provisions of this Contract, the ConnDOT shall impose such sanctions as it or the Funding Agency may determine to be appropriate, including, but not limited to:

A. Withholding contract payments until the Contractor is in compliance; and/or

B. Cancellation, termination, or suspension of the Contract, in whole or in part.

**Incorporation of Provisions:** The Contractor shall include the provisions of paragraphs 1 through 5 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations or directives issued pursuant thereto. The Contractor shall take such action with respect to any subcontract or procurement as the ConnDOT or the Funding Agency may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such
direction, the Contractor may request the ConnDOT to enter into such litigation to protect the interests of the Funding Agency, and, in addition, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.

Managers and supervisors are being advised of their responsibilities to ensure the successful implementation of this policy. This Policy has my whole-hearted support and will be held responsible for compliance to its objectives.

General waivers are listed in 49 C.F.R. § 661.7. Separate requirements for rolling stock are set out at 49 U.S.C. 5323(j)(2)(C) and 49 C.F.R. § 661.11.

The [bidder or offeror] must submit to the District the appropriate Buy America certification below with its [bid or offer]. Bids or offers that are not accompanied by a completed Buy America certification will be rejected as nonresponsive.

Note: On December 19, 2014, a joint interim final rule was published, implementing for all Federal award-making agencies the final guidance “Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards” (commonly referred to as the “Super Circular”), which was published by the Office of Management and Budget (OMB) on December 26, 2013. The Super Circular consolidates eight existing grant-related circulars into one set of uniform regulations located in Title 2 of the CFR.

2 CFR Part 200 applies to the administration of all Federal grants, cooperative agreements, and amendments as of December 26, 2014. Procurements under grants and cooperative agreements executed prior to December 26, 2014 continue to be subject to 49 CFR Parts 18 and 19 as in effect on the date of such grants or agreements.

2 CFR Part 200 contains certain notable changes to FTA grants management. The Super Circular increases the simplified acquisition threshold to $150,000 (per 2 CFR 200.88) to bring it in alignment with the FAR. This new
threshold applies to procurements funded by grants issued on or after December 26, 2014. Procurements funded by grants issued on or before December 25, 2014, are subject to the previous simplified acquisition threshold of $100,000 (per 18 CFR 36(d)).

Similarly, the Buy America public interest waiver exempts “small purchases” from Buy America regulations, which incorporated by reference a provision from US DOT’s Common Grant Rule (49 CFR 18.36(d)) that set that threshold at $100,000 or less. This threshold continues to apply for all grants obligated on or before December 25, 2014. On December 26, 2014, however, US DOT’s Common Grant Rule in 49 CFR Part 18 was replaced with a new regulation, 2 CFR Part 1201, which incorporates by reference OMB’s Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR Part 200), and contains a higher threshold for simplified acquisitions.

Therefore, for grants obligated on or after December 26, 2014, the threshold is raised to match the simplified acquisition threshold set by 2 CFR 200.88, which incorporates by reference the Federal Acquisition Regulation at 48 CFR 2.1 (definitions), and currently is set at $150,000. This amount will be adjusted periodically for inflation. FTA will continue to base the exemption on the total amount of the project and not on the individual price of items being purchased. For example, if a recipient purchases ten items costing $20,000 each under a single purchase order, the $200,000 contract would make the procurement subject to Buy America Requirements, 49 CFR 661.7.
Lobbying Restrictions

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions.

3. The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Fly America Requirements

a Definitions as used in this clause

“International air transportation” means transportation by air between a place in the United States and a place outside the United States or between two places both of which are outside the United States.

“United States” means the 50 States, the District of Columbia, and outlying areas.

“U.S.-flag air carrier” means an air carrier holding a certificate under 49 U.S.C. Chapter 411.

b When Federal funds are used to fund travel, Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 40118) (Fly America Act) requires contractors, recipients, and others use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag air carrier is available to provide such services.

c If available, the Contractor, in performing work under this contract, shall use U.S.-flag carriers for international air transportation of personnel (and their personal effects) or property.

d In the event that the Contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the Contractor shall include a statement on vouchers involving such transportation essentially as follows:

Statement of Unavailability of U.S.-Flag Air Carriers
International air transportation of persons (and their personal effects) or property by U.S.-flag air carrier was not available or it was necessary to use foreign-flag air carrier service for the following reasons. See FAR § 47.403. [State reasons]:

________________________________________________________________________________

________________________________________________________________________________

e) The Contractor shall include the substance of this clause, including this paragraph (e), in each subcontract or purchase under this contract that may involve international air transportation.
DISADVANTAGED BUSINESS ENTERPRISE
NORWALK TRANSIT DISTRICT POLICY STATEMENT

It is the policy of the NORWALK TRANSIT DISTRICT and the United States Department of Transportation (“DOT”) that Disadvantaged Business Enterprises (“DBE’s”), as defined herein and in the Federal regulations published at 49 C.F.R. part 26, shall have an equal opportunity to participate in DOT-assisted contracts. It is also the policy of the NORWALK TRANSIT DISTRICT to:

1. Ensure nondiscrimination in the award and administration of DOT-assisted contracts;
2. Create a level playing field on which DBE’s can compete fairly for DOT-assisted contracts;
3. Ensure that the DBE program is narrowly tailored in accordance with applicable law;
4. Ensure that only firms that fully meet 49 C.F.R. part 26 eligibility standards are permitted to participate as DBE’s;
5. Help remove barriers to the participation of DBE’s in DOT assisted contracts;
6. To promote the use of DBE’s in all types of federally assisted contracts and procurement activities; and
7. Assist in the development of firms that can compete successfully in the marketplace outside the DBE program.

This Contract is subject to 49 C.F.R. part 26. Therefore, the Contractor must satisfy the requirements for DBE participation as set forth herein. These requirements are in addition to all other equal opportunity employment requirements of this Contract. The NORWALK TRANSIT DISTRICT shall make all determinations with regard to whether or not a Bidder/Offeror is in compliance with the requirements stated herein. In assessing compliance, the NORWALK TRANSIT DISTRICT may consider during its review of the Bidder/Offeror’s submission package, the Bidder/Offeror’s documented history of non-compliance with DBE requirements on previous contracts with the NORWALK TRANSIT DISTRICT.

Contract Assurance
The Contractor, subrecipient or subcontractor shall not discriminate on the basis of race, color, national origin, or sex in the performance of this Contract. The Contractor shall carry out applicable requirements of 49 C.F.R. part 26 in the award and administration of DOT-assisted contracts. Failure by the Contractor to carry out these requirements is a material breach of this Contract, which may result in the termination of this Contract or such other remedy as the NORWALK TRANSIT DISTRICT deems appropriate.

DBE Participation
For the purpose of this Contract, the NORWALK TRANSIT DISTRICT will accept only DBE’s who are:

1. Certified, at the time of bid opening or proposal evaluation, by the Unified Certification Program (UCP); or
2. An out-of-state firm who has been certified by either a local government, state government or Federal government entity authorized to certify DBE status or an agency whose DBE certification process has received FTA approval; or
3. Certified by another agency approved by the NORWALK TRANSIT DISTRICT.

DBE Participation Goal
The DBE participation goal for this Contract is set at 0%.
Proposed Submission
Each Bidder/Offeror, as part of its submission, shall supply the following information:

1. A completed **DBE Utilization Form** (see below) that indicates the percentage and dollar value of the total bid/contract amount to be supplied by Disadvantaged Business Enterprises under this Contract.

2. A list of those qualified DBE’s with whom the Bidder/Offeror intends to contract for the performance of portions of the work under the Contract, the agreed price to be paid to each DBE for work, the Contract items or parts to be performed by each DBE, a proposed timetable for the performance or delivery of the Contract item, and other information as required by the **DBE Participation Schedule** (see below). No work shall be included in the Schedule that the Bidder/Offeror has reason to believe the listed DBE will subcontract, at any tier, to other than another DBE. If awarded the Contract, the Bidder/Offeror may not deviate from the DBE Participation Schedule submitted in response to the bid. Any subsequent changes and/or substitutions of DBE firms will require review and written approval by the NORWALK TRANSIT DISTRICT.

3. An original **DBE Letter of Intent** (see below) from each DBE listed in the **DBE Participation Schedule**.

4. An original **DBE Affidavit** (see below) from each DBE stating that there has not been any change in its status since the date of its last certification.

Good Faith Efforts
If the Bidder/Offeror is unable to meet the goal set forth above (DBE Participation Goal), the NORWALK TRANSIT DISTRICT will consider the Bidder/Offeror’s documented good faith efforts to meet the goal in determining responsiveness. The types of actions that the NORWALK TRANSIT DISTRICT will consider as part of the Bidder/Offeror’s good faith efforts include, but are not limited to, the following:

1. Documented communication with the NORWALK TRANSIT DISTRICT’s DBE Officer (questions of IFB or RFP requirements, subcontracting opportunities, appropriate certification, will be addressed in a timely fashion);

2. Pre-bid meeting attendance. At the pre-bid meeting, the NORWALK TRANSIT DISTRICT generally informs potential Bidder/Offeror’s of DBE subcontracting opportunities;

3. The Bidder/Offeror’s own solicitations to obtain DBE involvement in general circulation media, trade association publication, minority-focus media and other reasonable and available means within sufficient time to allow DBEs to respond to the solicitation;

4. Written notification to DBE’s encouraging participation in the proposed Contract; and

5. Efforts made to identify specific portions of the work that might be performed by DBE’s.

The Bidder/Offeror shall provide the following details, at a minimum, of the specific efforts it made to negotiate in good faith with DBE’s for elements of the Contract:

1. The names, addresses, and telephone numbers of DBE’s that were contacted;

2. A description of the information provided to targeted DBE’s regarding the specifications and bid proposals for portions of the work;

3. Efforts made to assist DBE’s contacted in obtaining bonding or insurance required by the Bidder or the Authority. Further, the documentation of good faith efforts must include copies of each DBE and non-DBE subcontractor quote submitted when a non-DBE subcontractor was selected over a DBE for
work on the contract. 49 C.F.R. § 26.53(b) (2) (VI). In determining whether a Bidder has made good faith efforts, the Authority may take into account the performance of other Bidders in meeting the Contract goals. For example, if the apparent successful Bidder failed to meet the goal, but meets or exceeds the average DBE participation obtained by other Bidders, the Authority may view this as evidence of the Bidder having made good faith efforts.

Administrative Reconsideration
Within five (5) business days of being informed by the NORWALK TRANSIT DISTRICT that it is not responsive or responsible because it has not documented sufficient good faith efforts, the Bidder/Offeror may request administrative reconsideration. The Bidder should make this request in writing to the NORWALK TRANSIT DISTRICT’s CEO, Kimberlee Morton. The CEO will forward the Bidder/Offeror’s request to a reconsideration official who will not have played any role in the original determination that the Bidder/Offeror did not document sufficient good faith efforts.

As part of this reconsideration, the Bidder/Offeror will have the opportunity to provide written documentation or argument concerning the issue of whether it met the goal or made adequate good faith efforts to do so. The Bidder/Offeror will have the opportunity to meet in person with the assigned reconsideration official to discuss the issue of whether it met the goal or made adequate good faith efforts to do so. The NORWALK TRANSIT DISTRICT will send the Bidder/Offeror a written decision on its reconsideration, explaining the basis for finding that the Bidder/Offeror did or did not meet the goal or make adequate good faith efforts to do so. The result of the reconsideration process is not administratively appealable to the Department of Transportation.

Termination of DBE Subcontractor
The Contractor shall not terminate the DBE subcontractor(s) listed in the DBE Participation Schedule (see below) without the NORWALK TRANSIT DISTRICT’s prior written consent. The NORWALK TRANSIT DISTRICT may provide such written consent only if the Contractor has good cause to terminate the DBE firm. Before transmitting a request to terminate, the Contractor shall give notice in writing to the DBE subcontractor of its intent to terminate and the reason for the request. The Contractor shall give the DBE five days to respond to the notice and advise of the reasons why it objects to the proposed termination. When a DBE subcontractor is terminated or fails to complete its work on the Contract for any reason, the Contractor shall make good faith efforts to find another DBE subcontractor to substitute for the original DBE and immediately notify the NORWALK TRANSIT DISTRICT in writing of its efforts to replace the original DBE. These good faith efforts shall be directed at finding another DBE to perform at least the same amount of work under the Contract as the DBE that was terminated, to the extent needed to meet the Contract goal established for this procurement. Failure to comply with these requirements will be in accordance with Section 8 below (Sanctions for Violations).

Continued Compliance
The NORWALK TRANSIT DISTRICT shall monitor the Contractor’s DBE compliance during the life of the Contract.
